

W. L. SHIPPEY ACQUITTED OF KILLING OF DAVIS AND FRIENDS STAGE CELEBRATION IN COURTROOM

Patronage Committee Is Appointed for Georgia

EXECUTIVE BOARD OF THREE HEADS OFFICE SELECTION

H. G. Hastings, Lindsey Hopkins and R. J. Guinn, All of Atlanta, Will Lead Committee.

G. O. P. APPOINTEES TO ORGANIZE SOON

Influence of Col. Horace A. Mann Is Seen Behind Naming of Patronage Chiefs for Georgia.

BY GLADSTONE WILLIAMS.
(Copyright, 1929, by The Constitution.)
Washington, March 28.—The Constitution Washington bureau today is able to give the personnel of the special patronage committee for Georgia which the new Hoover administration has appointed to function in filling all federal offices in the state.

The committee is composed of nine members, one for each two congressional districts in the state, a special executive committee of three which will serve as a sort of superstructure to the main patronage body.

All three members of the executive committee are from Atlanta. They are H. G. Hastings, Georgia republican manager of the Hoover campaign in the last election; Lindsey Hopkins, prominently identified with the Coca-Cola interest; and R. J. Guinn, engaged actively in banking enterprise. The six members of the committee representing the 12 congressional districts of the state are Charles Adamson, of Cedarhurst; J. H. Petty, of Savannah; T. N. Hendricks, of Edison; H. C. Lovvorn, of Carrollton; Mrs. Henry C. Davis, of Marietta, and Mrs. Mary Harris Armour, of Tate.

Guinn is appointed. Mr. Guinn was the only member of the committee selected as a straight out Hoover supporter. He was the only member of the committee who voted the republican ticket in the last national election. Mr. Hopkins has a record of consistently voting the democratic state ticket, but is understood to have cast his lot with the republican presidential nominees during the last three national elections, beginning with Harding in 1920. He is being appointed as a republican, however. The third member of the group is Mrs. Armour, well known prohibitionist and W. C. T. U. worker, who is regarded practically as an independent in politics.

Perhaps the major surprise in the list was the failure of the administration to name G. P. Flinders, of Savannah, republican national committeeman-elect, one of the representatives from the congressional district in his office at the recent meeting here of the national committee, it had been thought that his name would be included in the patronage body. In omitting him, however, officials here are authority for the statement that there is no intention to ignore him in the state organization structure, which, for the most part, will be true with old leaders identified with the regime of former National Committeeman Ben Davis, Atlanta negro who has been patronage dispenser for the past four years.

The committee, similar to one already set up in Florida, and planned for practically all of the southern states, will serve not only as arbiter in Georgia patronage matters, but will

Goodyear Selects Rockmart Georgia As Site for Mill

DISTRICT ORATORY CONTESTS TONIGHT

High School Students Compete for Oratory Honors; Fifth District Meets at Fulton High.

High school boys and girls, in each of the 12 congressional districts of Georgia, will compete tonight in the oratorical elimination contests, a step in the national and international competitions for 1929, which are sponsored in this state by The Constitution.

In the fifth district entrants from six schools will deliver their 10-minute orations before the official judges at Fulton High school auditorium. Dr. W. O. Cheney, district manager, will preside.

The entrants in this district, with the schools they represent and the subjects of their orations, follow: Tech High school: Welch Jordan, subject "The Rising Sun" (origins of the constitution); Boys' High school: W. L. Brady, Jr., subject "Our Constitution—a Beacon of Liberty"; Monroe A. & M. school: Frank Standard, subject "Personalities in the Constitutional Convention"; Russell High school: Rebecca Hart, subject "The Citizen, His Privileges and His Duties Under the Constitution"; Girls' High school: Gail Wilson, subject "Theodore Roosevelt and the Constitution"; Marist college: Vincent Paul Cefalu, subject "The Constitution, a Guarantee of the Liberty of the Individual."

To each of the 12 district winners to be decided by tonight's contest, a prize of \$15 in gold will be presented by The Constitution.

The next step in the series of contests to decide the world's champion high school orator for this year will take place on April 27. On that date the district winners in Georgia will gather at the state capital, where they will again deliver their orations to decide the champion who will represent Georgia in the zone finals and, if winner there, carry this state's banner into the national contest at Washington.

In addition to this honor, with its opportunity to win one of the free tours of South America, which is offered to each of the eight competitors in the state contest on April 27, will strive for prizes of \$100 and \$200 offered to winners of first and second place by this paper. A complete 15-volume set of modern eloquence also awaits the state winner.

These annual oratorical contests have been staged for a number of years, with The Constitution sponsoring them in Georgia each year. The contestants are required to be bona fide undergraduate high school students, under 19 years of age on February 1 of the contest year. Each orator must deal with some phase of the federal constitution and none can exceed 10 minutes in delivery time.

Two More Shopping Days Before Easter

Purchase your new Easter outfit now and join in the annual fashion parade Sunday to and from church. Make your purchases at direction of Constitution ads, which assure you of the ultimate in style and quality at prices that are to your greatest advantage. Thus may you be sure of satisfactory shopping in every detail!

REBELS RETREAT TO HILL CITADEL, AS CALLES MOVES

Expect To Engage Main Army at Jimenez; Insurgents Reported Fleeing on Every Front.

Jaurez, Chihuahua, March 28.—(AP) Fortified in the mountain area about their stronghold at Jimenez in the desert wastes of southern Chihuahua, revolutionary forces tonight appeared to be ready for the long-expected battle with the main federal army in their campaign to overthrow the government of President Portes Gil.

Government forces, advancing on the headquarters of General Jose Gonzalo Escobar, insurgent commander-in-chief, were reported to have reached Escalon, only 35 miles from their destination. There were several light skirmishes with casualties to both sides as the vanguard of the Calles army established contact with the rear guard of the rebel command.

INSURGENTS ARE REPORTED RETREATING.

Mexico City, March 28.—(AP)—Official announcement was made today that the insurgents were retreating on both the Pacific coast and northern fronts. The troops of General Juan A. Almazan were preparing an advance against Jimenez and Chihuahua and the column of General Lazaro Cardenas was about ready to pursue the rebels who are retreating northward through Sinaloa from Mazatlan.

NO FURTHER ARRESTS MADE.

Douglas, Ariz., March 28.—(AP)—While government agents today continued their investigation of the alleged smuggling of munitions and machine guns across the border to Mexican revolutionary forces, no further arrests were made. Ten persons including Chief of Police Leslie Galt and Police Captain Walter Morris, were arrested yesterday. All police officers were released on bail and permitted to return to duty pending trial.

REBELS COMMANDER MOTOR VEHICLES.

Nogales, Sonora, March 28.—(AP)—Virtually every motor vehicle on the streets of this city, at least one of them owned by an Arizona firm, were commandeered late today and taken to headquarters for troop transportation to some unknown destination. Presumably troops were to be taken to Mesquite, Sonora, 60 miles west of here, which was reported captured by federalists early today.

FIVE KILLED BY POWDER EXPLOSION.

Calexico, Calif., March 28.—(AP)—Three Mexican soldiers, a German bomb maker and the latter's daughter were killed late today by the explosion of nine kegs of explosives and 30 aerial bombs stored in a brick building at the Mexican federal garrison at Calexico, across the border line.

OFFICIAL ASSAULTS KNIGHTS OF COLUMBUS.

Mexico City, March 28.—(AP)—Alberto Terrones Benites, provisional governor of Durango, in a message to the government, said:

"We are taking drastic measures against the Knights of Columbus of Durango City who are acting as spies for the rebels and Criteros."

He also said he was mobilizing Durango agrarians to combat the "Criteros."

"Criteros" is a name applied in some parts of Mexico to those so-called religious insurgents who use the battle cry "Viva Cristo Rey" or "Long Live Christ, King."

REPORT IS TERMED "BASELESS PROPAGANDA."

New Haven, Conn., March 28.—(AP) Supreme Secretary William J. McGinley, of the national headquarters of the Knights of Columbus, today characterized reports issued from Mexico City that Knights of Columbus members were acting as spies of the rebels as "baseless propaganda."

"This is only one of a series of attempts to charge Knights of Columbus in general and Catholics in particular with responsibility for the never-ending battles in Mexico," declared Mr. McGinley.

"Columbia" our magazine, has been barred from the Mexican mails. We have been unable to communicate with our members and we have had no reports from councils in more than two years.

Durango is a big city. Several years ago we had 142 members there. How many have died in prison or been executed under the guise of law and order since that time I do not know.

LONG HITS BACK AT LEGISLATURE; CHARGES BRIBERY

Governor Says Standard Oil Behind Impeachment; House Ousts Speaker; Senate Denies Bribe.

Baton Rouge, La., March 28.—(AP) Impeachment and bribery stalked together here today as charges on which the Louisiana state legislature has turned the flood light.

While the house of representatives was fixing details for the start of impeachment hearings on Monday night against Governor Huey P. Long, this fiery, 36-year-old executive struck back at his accusers by charging that legislators had been bribed by the Standard Oil company to fight his proposed oil tax.

These fresh charges staggered this picturesque and ancient capital, already agog with sensation over the stupendous charges against the governor, who is accused in the cold terms of the impeachment resolution of plotting murder and of eighteen official irregularities, large and small.

To Start Hearing Monday.

By unanimous vote the state senate, as if envious of the notoriety obtained by the house, passed a resolution demanding that the governor name the legislators whom he said accepted bribes and name the oil company financial agents charged with paying the bribes. A circular issued by the state highway department, entitled, "Cross of Gold, Standard Oil Company," was sent to the senate and it immediately passed the resolution. Late today the governor had not furnished the names.

On a roll call taken in the senate to the question of whether any member of the senate had been approached with a bribe or any effort made to have 12 official questioners of witnesses, set Monday night at 8 o'clock as the time to start the impeachment hearing, and adjourned until next week.

Governor Long's open letter, addressed to "the people of the state," charged that the impeachment proceedings were engineered by oil interests, and was taken by his friends to mean that, instead of planning to resign, as rumored, he meant to fight against impeachment to the end.

Speaker Is Unseated.

The house and senate, which received copies of the letter just before noon, passed a concurrent resolution denouncing the governor, and called upon him to prove the charges that oil companies were back of the impeachment proceedings.

An outstanding victory of the anti-administration forces was the unseating of Speaker John B. Fournet, one of Long's chief supporters. Representative George Irwin was elected in his place as temporary chairman of the house which Monday night will sit as a trial jury.

In the event Fournet fails to resign, it was indicated that the house would move to oust him and elect a permanent presiding officer Monday night.

The atmosphere was highly charged with suppressed emotions, but stung by the chamber drum or talking hysterically. The room was packed to the guards and there was a chilling seriousness to the proceedings. One member remarked: "The eyes of the nation are on us. We must do something."

Only Three Favorable Votes.

Since the battery of impeachment was turned upon him, Governor Long has not been seen in public. Formerly he was a frequent visitor to the floors of the legislature where

SIX SAWS FOUND IN BOX OF CANDY; ESCAPE IS FOILED

The keen eye of Jailer Bob Holland at Fulton county tower, Thursday prevented a possible jail break, it became known when the story of a "loaded" box of candy was told about three captives of the court house.

An innocent appearing box of candy arrived at the tower for Fred Thomas, who was sentenced several days ago to Joe Hickey Harris to serve 30 to 39 years for robbery, and a suspicious box of candy sent to hold bandits, Captain Holland decided to investigate.

A false bottom in the candy box was struck down by a dozen back saw blades, which were promptly confiscated, and Thomas went without his candy. Captain Holland said.

Shippey Acquitted in Slaying

Photo by George Cornett, Staff Photographer.
W. Lawrence Shippey, who shot and killed Hall Davis, prominent motor car dealer. The jury brought in its verdict Thursday night after receiving the case about 5:30 o'clock.

SOLON INDICTED ON BOOZE CHARGE

Michaelson, Congressman From Illinois, Never Yet Arrested on Bill Returned in October.

Jacksonville, Fla., March 28.—(AP) E. R. Williams, clerk of the federal district court here, said tonight that an indictment of M. A. Michaelson, of Chicago, was on the docket in his office.

Williams said that "bond had not been returned" and that his office would be closed until Saturday when the record could be seen.

He did not give any other details.

INDICTED IN OCTOBER TRIBUTE TO SAY.

Tampa, Fla., March 28.—(AP)—The Tampa Tribune will say tomorrow that Congressman M. Alfred Michaelson, of the seventh Illinois district, was indicted last October by a federal grand jury at Jacksonville on a charge of violating the prohibition law in smuggling liquor into Florida from Cuba, but that no capias, or warrant of arrest has been served in the case.

The indictment charges the newspaper will say, that Michaelson landed at Key West from Havana, his baggage being put on an "expedite order" from Washington and that one bottle, breaking in a trunk at the railroad station at Jacksonville, led to seizure of the trunk by state officers, who, reporting to federal authorities, were instructed to turn it over to them for investigation and handling.

UNCONSCIOUS GIRL IS NOW IMPROVING, DOCTORS REPORT

Believed by doctors to be coming out of a state of unconsciousness which has lasted for 29 days, ever since she was struck down by a truck, Ann Watson, four years old, was reported to be progressing nicely Thursday night at Georgia Baptist hospital.

FLIERS REACH TRANS-ATLANTIC GOAL.

Rio De Janeiro, March 28.—(AP) Captains Jimenez and Iglesias this afternoon reached the goal toward which they headed their plane when they took off from Seville, Spain, last Sunday, and received as tumultuous a welcome as if they had not been forced by shortage of gasoline to come down at Bahia, 800 miles north of their objective.

NO TRACE FOUND OF MISSING PLANE.

New York, March 28.—(AP)—After almost a full week since its last flight, a huge twin-engine amphibian airplane with four men aboard tonight was still on the list of aircraft that have mysteriously vanished.

The plane left Norfolk, Va., for New York at 5:45 a. m. last Friday with T. Raymond Finucane, wealthy Rochester sportsman, and three companions.

VERDICT FREEING PRISONER REACHED ON FOURTH BALLOT

Friends Surround Clerk, After Jury Is Dismissed, and Carry Him From Courtroom on Shoulders

RETURNS TO HOME TO REJOIN WIFE

Shippey Makes Short Talk in Courtroom Expressing His Thanks for Sympathy and Assistance.

W. Lawrence Shippey Thursday night was acquitted of the murder of Hall Davis, West End motor dealer, who he says was the father of his wife's unborn child. On the fourth ballot a jury in Superior Judge Edgar E. Pomeroy's division of the criminal court voted to free the young shipping clerk whose defense was that he was driven to do murder by the agonies of a broken heart and a shattered home.

The verdict, which came after about three hours' deliberations was received with cheers. A crowd which had packed Judge Pomeroy's courtroom all day swarmed about Shippey after the jury had been dismissed and carried him from the courtroom on its shoulders.

Shippey Thanks Friends.

Although Judge Pomeroy had warned against any demonstration and had warned off pandemonium immediately after the verdict had been read he was unable to restrain the throng when the jurors had departed. Seeing the futility of using his gavel he smilingly retired to his chambers and left the courtroom to Shippey and his scores of shouting, handclapping, backslapping, handshaking friends. With tears in his eyes the defendant returned to the courtroom, mounted a bench and said:

"I want to thank everyone who has stood by me so faithfully in this time of trial. In time I hope to be able to see all my friends and personally give my thanks for their sympathy and assistance, but tonight I must hurry home where my good wife and sweet little daughter are awaiting me."

As Shippey walked from the courtroom a free press corps offered to drive him to his Beecher street residence, where in private he was to rejoin the wife whose unfaithfulness led him to kill Davis. He was taken from his home to the Fulton tower for more than three months.

Starts Homeward Trip.

As Shippey elected to ride home with one of his closest friends and got into the car his friends continued to throng about him and even after he had been whisked away toward Beecher street and home the crowd continued to carry on its joyful celebration around the courthouse.

The verdict freeing Shippey was read in a filled but tense courtroom by Chief Deputy Solicitor General Ed A. Stephens, who with Lewis J. Bailey of defense counsel, had remained to receive it. The decision came just

HARRIS, BELL PREDICT AIRING OF 'SPY' POLICY

Special Session of Congress
Expected To Investigate
Pen System Thoroughly.

Senator William J. Harris and Congressman Thomas M. Bell, in discussing the forthcoming special session of congress, Thursday stated their belief that the session would see the airing of the "spy" policy as now practiced by the department of justice in its supervision of the federal penitentiaries.

Senator Harris, in discussing the matter of the recent resignation of Warden John W. Snook because of the espionage system, stated that his viewpoint on the system continues in complete accord with that of Congressman Bell. The veteran ninth district representative, during his service on a congressional investigating committee

tee on the prisons, commended Snook's work highly and when the warden resigned condemned the system in general and Mrs. Mabel Walker Willebrandt, the woman attorney-general, in particular for her part in the espionage plan.

Congressman Bell, here Thursday with Mrs. Bell, reaffirmed his confidence in Warden Snook and expressed his belief that congress would take official cognizance of the matter at the session, which is to start April 15.

Congressman Bell also expressed the belief that this session would see better cooperation between democrats in congress than has been evident for some time. "I believe that the vital questions of farm relief and tariff will bring our party senators and congressmen into closer cooperation and I think that we shall be able to present a united front to the republicans," the congressman said.

LEE ST. WIDENING TO BE DISCUSSED BY FULTON GROUP

Proposed widening of Lee Street will be discussed at 8 o'clock Monday night at a meeting of the South Fulton Civic Federation at the Lee Street school, it was announced Thursday. Members of the Fulton county commission have been invited to attend. The federation is the south and southwest portions of Atlanta and Fulton county.

BOWMAN CONVICTED OF DROWNING GIRL IN PENNA. RIVER

Harrisburg, Pa., March 28.—(P)—Harry B. Bowman was convicted late today of murder in the first degree in the drowning of Yerna Klink, confectory manager, in the Susquehanna river. The jury recommended life imprisonment.

UTILITIES PROBE BOARD HEARS OF BIG FUND

Activities in State of Washington Are Given in Detail.

Washington, March 28.—(P)—The organization of citizens' committees in the state of Washington to expend a \$175,000 fund, contributed by power companies, in opposing in the 1924 election legislation designed to aid municipal power plant ownership was related today by Norwood W. Brockett, of Seattle, vice president of the Northwest Electric Light and Power Association, before the federal trade commission.

Appearing at the commission's inquiry into public utility activities of public power utilities, Brockett testified about the program of the Washington state committee on public utility information of which he was secretary during the 1924 campaign in opposition to the Bone bill. The measure, which was defeated in a referendum at that election, would have permitted the municipal power companies in the state to extend their service outside their city limits.

The \$175,000 fund, Brockett continued, was contributed by six power companies in Washington state. The citizens' committees, Brockett said, were organized in the principal cities of the state by the local managers of power companies. The committees in opposing the Bone measure, he testified, signed newspaper advertisements and also circulated letters to the voters. The advertisements and letters were paid for out of the \$175,000 fund, he added.

He said the advertisements were prepared by the public utility information committee, but the letters were drafted by the committees themselves from literature prepared by the local managers. He said the newspaper advertising by the public utility information committee was "quite extensive and urged people to read the bill."

Brockett testified that the power interests also through the state public utility information committee opposed another measure, the Erickson bill, which was not brought to a vote. This measure, which proposed the creation of districts in the state to purchase private power plants for public ownership, he said, was opposed through the medium of circulation of 100,000 copies of the bill and an analysis opposing it.

LOUISVILLE CITY BOARD PROTESTS UNIFICATION PLAN

Louisville, Ky., March 28.—(P)—Protest has been voiced by the Louisville Board of Trade to the inclusion of the Chicago, Indianapolis and Louisville Railway Company, known as the Monon Route, in the unification project initiated by the Baltimore & Ohio Railroad Company, in an intervening petition sent to the interstate commerce commission in Washington.

Objections to the B. & O. plan already have been made by the L. & N. and Southern railroads, co-owners of the Monon, which is operated independently. The board of trade in its petition declares the interests of the city and surrounding territory will be served if the Monon is preserved as a north and south carrier free from the influences of an east and west line.

SAYS STOCK GYRATIONS TO HAVE LITTLE EFFECT

Washington, March 28.—(P)—In the opinion of Secretary Lamont, stock market gyrations are likely to have less effect on business activity now than they have in the past.

Nearly all of the indications studied by the government's trade observation service indicate that a maintenance of prosperous conditions is likely, Secretary Lamont said, whatever sort of a prospect might be held out in that field by current market fluctuations.

"Nearly every indicator as to trade that we use shows a favorable outlook today," he said. "There is no reason to believe that the nation will not be as prosperous in 1926 as in 1925. It is a fact that while financial and monetary conditions influence business, modern production and distribution more and more tend to be guided by accurate statistical information related definitely to potential supply and demand for products concerned. This body of tested data is nowadays more valuable in estimating future prospects than the actions of stock exchanges."

FOUR PERSONS HURT IN AUTO ACCIDENT

Automobile Crashes Into
Phone Post on Peachtree
Near Spring St.

Four persons, two men and two women, were badly injured early Thursday night when the automobile in which they were riding crashed into a telephone pole on Peachtree near Spring street. The cause of the accident could not be learned because of the condition of the victims.

Occupants of the wrecked car were Harry Villard, 1111 Lucile avenue; Hubert Sheppard, employee of a local motor company; Miss Majorie Wiley, 19, and Miss Carolyn Anderson, 19, both of the St. George apartments. Villard suffered a crushed chest and lacerations about the head, while similar injuries were said to have been received by Sheppard. Miss Wiley suffered a fractured wrist and lacerations about the face and body, and Miss Anderson numerous abrasions about the body, according to hospital attaches.

Second Ward Leaders Planning Advertising Campaign for Section

A committee to assist in an advertising campaign for the second ward was appointed at a recent meeting of the Second Ward Improvement Club. It is planned to bring more industrial units to this section and to make all improvements possible. The next meeting of the club will be held at the Crew Street school at 8 o'clock on the night of April 10.

Oklahoma Families Driven From Homes By Rising Floods

Altus, Okla., March 28.—(P)—Several families living in the Bitter creek and Turkey creek lowlands, west of Altus, were rescued from their homes in boats today after the streams had been sent out of their banks by torrential rains. A large area of farm land was under water.

RARE CAT-SQUIRREL, GIVEN TO STATE, WILL BE MOUNTED

The state game and fish department Thursday received a pet of a rare squirrel caught in Jasper county, which will be mounted and placed on exhibition in the museum, it was announced. The squirrel is of the Albino cat-squirrel variety, the coat being pure white with streaks of light gray. It has a large bushy tail, also white. B. F. Leverett, of Atlanta, presented the squirrel to the department. He said the squirrel was killed by a farmer who lives near Shadysdale.

BIDS ARE ASKED ON TWO OF FIFTEEN NEW U. S. CRUISERS

Washington, March 28.—(P)—Secretary Adams has asked for bids on two of the 15 cruisers to be built under provisions of the construction bill passed in the last congress. The offers will be received until May 25. Under the provisions of the cruiser construction bill work on five of the 15 cruisers provided for must begin during the fiscal year 1929. The two ships on which bids have been asked are to be built in private yards; the other three are to be constructed in navy yards. Two hundred thousand dollars was provided under the cruiser construction bill to begin work on the ships.

EVERS AND GRETA WILL ENTERTAIN AMERICAN LEGION

Frank Evers and Greta, the feature act from the current bill at Keith's Georgia theater, will entertain the American Legion at the luncheon today at the Henry Grady hotel. Jacob Adler has charge of the program.

EUROPE LOANS FUNDS BORROWED FROM U. S.

BY BASIL MANLY.

Washington, March 28.—The gravest problem now confronting the federal reserve board, in the opinion of some of its members, is the volume of foreign money which has been placed in the New York call money market in order to profit from the excessively high rates of recent months.

These foreign funds are estimated by some authorities to amount to as much as one thousand million dollars, while others place the figure as low as seven hundred and fifty million. This great volume of loans which are payable on demand are held by foreign individuals and financial institutions who have no direct interest in maintaining the financial stability of the United States and some of whom may easily profit from a temporary disturbance of its equilibrium.

New Situation.
No such situation has ever before existed in the history of the world, according to financial authorities in Washington. Foreign financiers, notably those of England, have from time to time loaned hundreds of millions in other countries, but such loans have almost invariably been made for long periods and with varying dates of maturity. Demand loans have, of course, been made by the Rothschilds and other great international bankers on European securities, but so far as the records indicate the amounts involved have seldom, if ever, exceeded a few million dollars at a time.

Here we have outstanding demand loans controlled by foreign financiers amounting to hundreds of millions of dollars and secured by collateral on extraordinarily wide margins. If the estimates are correct, these foreign loans constitute between one-eighth and one-fifth of the total volume of call loans outstanding. They are in no way susceptible to the influence of the federal reserve board and to this extent constitute a far more serious problem than the private loans made in the call money market by American individuals and corporations. These latter are at least, in some degree, subject to the direct and indirect influences which the federal reserve board can bring to bear upon them through the reserve banks and the financial leaders who are now co-operating with the board.

Serious Complication.
Another complication created by the presence of the foreign money lenders in the New York call market arises from the fact that any attempt to withdraw American funds precipitately merely plays into the hands of these alien financiers. It would put them in the enviable position that Russell Sage used to occupy before the days of the federal reserve system when he was able on occasions to name his own price for stock market loans.

It is recognized also that a large part of the foreign funds which are now being loaned in the American money market at rates ranging from 8 per cent to 14 per cent represents the proceeds of long-time loans floated in the United States during the past year or two. In other words the foreign financiers are lending us our own funds and making us pay a fancy price for them. Of course, these funds were sent back across the Atlantic because we wanted them and were willing to pay a fancy price to get them. Nevertheless, there does appear to be something incongruous in a situation where Americans are borrowing their own funds from abroad in order to sustain a stock market which has reached such dizzy heights that foreigners generally have been afraid to remain in it.

Perhaps the most serious aspect of the entire foreign loan situation is the fact that when these loans are called demand may be made for the shipment of gold to repay them. Such a sudden drainage of gold might well reach serious proportions and tend to narrow still further the credit base available to American industry and commerce. If gold was called for in connection with repayment of only a part of these loans the transfer might easily prove embarrassing.

No serious difficulties are immediately foreseen in connection with the liquidation of these foreign loans. Nevertheless, the situation is so unprecedented and so novel in many of its aspects that it is receiving serious attention from American financial authorities both in Washington and New York.

FINAL CLEARANCE OF UNCLAIMED GOODS AND AUCTION BALANCE

We have approximately \$10,000.00 worth of unclaimed furniture which was sold at auction and not called for; also balance of furniture stock left from our auction sale.

In order to dispose of these in a very short time we have marked every article in plain figures at exceptionally low price. Some articles at fraction of their real value.

As usual all sales are to be cash and delivery charges to be paid by purchaser.

Notice!
In the near future we will begin closing out our Domestic Rugs (not plain carpets), Linoleums and Drapery stock. Watch for the date.

\$8,000 Sent to Red Cross Headquarters as Atlanta Flood Drive Is Continued

Total of \$18,000 in Cash Now Has Been Raised Here—Women's Organizations Active.

A total of \$8,000 was forwarded to American Red Cross national headquarters by the local chapter Thursday, making \$18,000 in all that has been sent to aid in the campaign to help the flood sufferers. The largest single contribution received Thursday was a check for \$500 from the Ashcraft-Wilkinson Company, while a number of smaller amounts were sent in to the Red Cross headquarters here. Meanwhile, efforts to enlist all the women in the city to cooperate with the Red Cross drive were continued and a meeting has been called for 11 o'clock Saturday morning by Miss Rosa Woodberry. At this meeting representatives of the various church groups will assemble at the Chamber of Commerce. Representatives of the 24 chapters of the Order of the Eastern Star and of the women's patriotic organizations in the city also have been asked to attend, and it is thought that, with the organizations already working, every woman in Atlanta will

\$25, bringing this club's total to \$125, and the Theodore Roosevelt auxiliary of the Spanish War Veterans, \$25.

RESIDENT OF WAYCROSS IN COMA 140 HOURS

Waycross, Ga., March 28.—(Special.)—G. P. Perritt, 52, Waycross woodyard operator, who sustained injuries that may prove fatal when he was struck over the head by a negro last Friday night, still is in an unconscious condition, according to a report made by members of his family late today. He has been in a coma for more than 140 hours. It was thought early today that Perritt had regained consciousness when he attempted to tell members of the family at his bedside something pertaining to a negro. His conversation dwindled into mumblings, however, and it was impossible to draw any sensible conclusion from his jumbled words. He lapsed again into silence, and was conscious of none of his surroundings nor anything said to him. Perritt attempted to break up an argument between two negroes in front of his home, 847 Folks street, early Friday night, and was greeted with a heavy blow over the head, believed to have been dealt with a heavy iron bar. Theodore Henry, 22, negro, is held in the Ware county jail charged with the crime.

CHRIST'S ARREST TRIAL SKETCHED BY REV. BOB TYLER

Sketching the incidents of the arrest, trial and condemnation of Christ, nearly 2,000 years ago, the Rev. Bob Tyler in his revival sermon at Grace Methodist church Thursday night declared that the same process is repeated within the heart of every mortal who hears and rejects the gospel. He pleaded with his hearers to free their own consciences of the stigma of being among His crucifiers. The revival series closes with a sermon on "The Penalty of Rejecting Christ," and a special musical program. Regular services will be resumed Easter Sunday. The James L. Mayson Bible class had charge of Thursday night's service.

DR. ARLASAROFF SPEAKS TONIGHT AT AHAVATH ACHIM

Dr. Chaim Arlasaroff, widely known labor leader and economist, will speak at 7:45 o'clock tonight at the regular weekly assembly of the congregation Ahavath Achim. It was announced Thursday by Rabbi Harry H. Epstein. Dr. Arlasaroff has done much work in Palestine and has served the World Zionist organization in various capacities, being at present a member of the actions committee.

Trinity Choir To Present "The Crucifixion" Tonight

The choir of Trinity Methodist church, south, at 8 o'clock tonight will present the famous cantata, "The Crucifixion," by Sir John Stainer. This is the annual Easter presentation by the large mixed choir, male chorus and soloists and is a musical event looked forward to with keen anticipation by Atlanta music-lovers. "The Crucifixion" is perhaps the best known cantata ever composed. It consists of 20 recitatives, arias, choruses and hymns and the whole forms a meditation of the sacred passion of the Holy Redeemer, beginning with the scene in the Garden of Gethsemane and ending with the Giving Up of the Ghost.

Organ Parts Impressive. The organ parts are very impressive, especially that descriptive of the wrath of God as darkness covered all the earth and the veil of the temple was rent asunder. The work of the chorus reaches its climax in the mob scene, when they shout "Crucify!" The program, giving all the numbers in the order of their presentation follows: "And They Came to a Place Named Gethsemane," "The Mystery of the Passion," "The Mystery of Intercession," "The Mystery of the Crucifixion," "The Adoration of the Crucified," "When Jesus Therefore Saw His Mother," "He It Nothing to You," "The Appeal of the Crucified," "After This, Jesus Knowing That All Things Were Now Accomplished," "For the Love of Jesus."

LAW FIRMS ORGANIZE

Etheridge, Peck and Etheridge Open Offices.

Announcement of organization of the law firm of Etheridge, Peck & Etheridge, with offices at 510 Citizens and Southern National Bank building, was made Thursday. The firm is composed of Paul S. Etheridge, chairman of the county commission, George Starr Peck and Paul S. Etheridge, Jr.

DESIRE TO SEE FIGHT COSTS PAIR FREEDOM

Macon, Ga., March 28.—(AP)—A desire to see the Sharkey-Stribling fight at Miami Beach last month, will cost Joseph Edgar Lamm, 19, and Charles L. Coon, 16, of Wagon, N. C., two years each in a government reformatory. The two young men entered pleas

"God So Loved the World," "Liturgy of the Passion," "Jesus Said: 'Father, Forgive Them,'" "The Mystery of Intercession," "And One of the Malefactors," "The Adoration of the Crucified," "When Jesus Therefore Saw His Mother," "He It Nothing to You," "The Appeal of the Crucified," "After This, Jesus Knowing That All Things Were Now Accomplished," "For the Love of Jesus."

Cantata Soloists. The soloists will be: Mrs. Nellie Nix Edwards, Mrs. Josephine Burns Bridwell, Messrs. Robert Mell, Ernest Hartsock, Paul Sutton, R. S. Bradford, Ezra Sasseville and Roger T. Lively.

Trinity choir was organized in 1912 and is under the direction of Ben J. Potter, A. R. C. O. (London), who will preside at the organ. Mr. Potter is a concert organist and choir master of wide reputation and since coming to this country from England some years ago, has had charge of the music in a number of the largest churches in America. He has been at Trinity for 10 years, with the exception of one year when he was organist at Grove Park Inn, Asheville, N. C.

The public is invited to attend the presentation of this work and it is requested that all be in their seats promptly at 8 o'clock tonight.

ARMY TO DONATE TENTS AND COTS FOR VETS REUNION

Washington, March 28.—(AP)—Arrangements have been completed by Quartermaster General Cheatham, of the army, to ship 300 pyramidal tents, 5,000 canvas cots and an equal number of pillows and pillow cases, 9,000 bed sheets and the same number of blankets to Charlotte, N. C., to shelter veterans who will attend the 39th annual Confederate reunion June 4 to 7.

JAPANESE WITHDRAW SHANTUNG TROOPS

First Expected To Leave Early in May, Last by End of Month.

Tokyo, March 28.—(AP)—The Japanese general staff instructed the commander of the Japanese garrisons in Shantung province, China, by telegraph today to commence preparations for complete withdrawal of his forces.

It was expected here the first troops would leave early in May and the withdrawal probably completed by the end of the month.

CUNARD LINER RUNS AROUND NEAR CHERBOURG

Cherbourg, France, March 28.—(AP)—The Cunard Anchor liner Transylvania, which went aground outside Cherbourg harbor early today, was safe in the port of Cherbourg tonight and all her passengers, including many Americans, were en route to various destinations.

The ship, which was standing inside the port, will enter drydock tomorrow morning, several tugs stood by in case she should need assistance, but thus far tonight her own pumps proved adequate to prevent incoming water from gaining, although water-tight compartment No. 2 was full and the vessel listing to port.

Meanwhile preliminary inspection indicated the ship had a big hole in her port side about 100 feet from the bow, necessitating rather extensive patching up before she will be able to proceed to Glasgow.

Father Dynamites Self And 2 Daughters to Bits

Salem, Ore., March 28.—(AP)—Taking his two small daughters, Charlie, 4, and Gladys, 6, on his knees in the kitchen of their home at Grassy Pond, Ore., Charles Stetter, 38, touched off nine sticks of dynamite he had placed beneath his chair. All three were instantly killed.

Alabama Flood Damage Heavy, Says Bank Head

Parts of Alabama recently flooded by overflowing rivers are partially recovering from the effects of the raging waters, but many of the cities and counties have sustained inestimable damage, according to Judge C. E. Thomas, superintendent of the Alabama state banking department, who was in Atlanta Thursday.

"The greatest damage was inflicted on the farm lands, although the merchants in Elba and Geneva as well as the small towns nearby suffered heavy losses," Judge Thomas said. "In Elba the stocks of the merchants are not worth five cents on the dollar and in Geneva but a little more."

Contributions were received for the flood sufferers from every state in the Union and the money will do a great work in relieving distress in Alabama, according to Judge Thomas. He said Georgia was one of the most liberal contributing states, although suffering flood problems of her own.

Judge Thomas has long ranked as one of the foremost political leaders of Alabama and his friends have well-organized movement to launch him as a candidate in the next gubernatorial race in that state.

Brooklyn Surgeon Dies.

St. Petersburg, Fla., March 28.—(AP)—Dr. David D. Jenkins, 67, for 15 years chief surgeon of the Brooklyn police department, is dead at Ocala, where he suffered a stroke of paralysis en route home from St. Petersburg.

SHUMATE WINNER OF ENDURANCE TEST OF NATIONAL GUARD

Little Rock, Ark., March 28.—(AP)—Lieutenant Joe T. Shumate, adjutant of the 154th observation squadron of the Arkansas national guard, who flew a government primary training plane 11 hours and 4 minutes without refueling recently, has been declared winner of the endurance contest sponsored by the National Guard Air Association for this type of plane.

Lieutenant Stafford Lambert, of St. Louis, secretary of the association, today wired the commander of the Arkansas squadron that Shumate had established an endurance record and a silver loving cup offered by the association would be awarded to the squadron. The contest closed March 22, four days after Shumate's flight.

Lieutenant Lambert said he would come to Little Rock next week to award the cup.

DATE AND PLACE OF LINDY MARRIAGE IS NOT SETTLED

Mexico City, March 28.—(AP)—A report published in the Boston Traveler yesterday that Colonel Charles A. Lindbergh and his fiancée, Miss Anne Morrow, had decided to be married on June 9 at the Morrow summer home in North Haven, Maine, was denied today in authoritative quarters.

The date and place of the wedding have not been decided and a formal announcement will be made when they are, it was said.

CERTIFICATE PLAN FOR CAFE WORKERS COMES UP MONDAY

If city council Monday approves action of the ordinance committee Thursday afternoon, all employees of restaurants, cafes and other places where food is served will be forced to submit certificates from reputable physicians showing that they have no contagious diseases.

Representatives of the Atlanta Association of Restaurant Owners and Managers appeared before the committee supporting the paper, which was introduced by Councilman Joseph E. Berman, of the fourth ward.

T. F. HAILEY QUILTS STATE LABORATORY FOR PHONE POST

Thomas F. Hailey, assistant chemist, has resigned his position with the state laboratory to accept a post with the American Telephone and Telegraph Company.

Mr. Hailey has been with the chemistry department several years, serving under Dr. W. H. Morgan and Dr. J. Frampton King, present state chemist. He is popular in capital circles and leaves to accept a position which is a promotion.

Tenn. Bill Requires Medical Certificate For Marriage License

Nashville, Tenn., March 28.—(AP)—The house of representatives today passed a bill requiring that all male applicants for marriage licenses in Tennessee present to court clerks medical certificates showing they have no communicable disease which would affect their marriage. The senate and governor must approve the bill if it becomes law. It was sponsored by several national civic organizations.

Under the bill, applicants would be required to undergo a thorough physical and laboratory examination. Its opponents raised the question of "personal rights," but its supporters said "this question goes beyond personal rights," and were victorious in their contention that "no man has a right to marry who is not physically fit for it."

Time To Get Him. Muskegon, Mich., March 28.—Richard A. Rhoades, 18, who boasted he had held up some 30 cars parked along the reformatory.

TELEGRAPH CO. SETTLES SUIT OF L. & N. ROAD

Agreement Ends Litigation Started Over 17 Years Ago.

Louisville, Ky., March 28.—(AP)—A check for \$1,741,000 given yesterday to the Louisville & Nashville Railroad Company by the Western Union Telegraph Company ended litigation of 17 years standing, believed to be unique and of unprecedented proportions.

The check is for rent claimed by the railroad for the telegraph company's occupancy of its right of way with poles and wires during the controversy.

Announcement of the settlement came from general offices of the railroad here yesterday. The settlement was made in New York by Whiteford R. Cole, president of the railroad, Newcomb Carlton, president of the telegraph company, and attorneys for both corporations.

The check was paid in compromise and settlement of a judgment rendered by Judge A. M. J. Cochran, of the federal court of the eastern district of Kentucky, which was appealed to the United States circuit court of appeals at Cincinnati and argued there a year ago. Due to the death of a judge the case was ordered up for new arguments which were to have been heard April 11.

Cause of Suit.

The suit was brought by the L. & N. to recover for the Western Union's use and occupation with its poles and wires of the railroad company's rights of way during the time the telegraph company was ordered to condemn the right to remain on the railroad company's property. By the settlement \$2,300,000 in round numbers was allowed from the latter's account, deducting approximately \$540,000, representing an admitted account held by the Western Union against the L. & N. for services rendered during the period of controversy. The remainder is the amount for which the check referred to was given.

The litigation was precipitated by the action of the Western Union in cancelling its contract with the L. & N.

Resolve Today to Have a Good Head of Hair

Excessive hairfall, dandruff, and itching scalp today lead to baldness tomorrow. The process is gradual and painless, and before you realize it your hair is gone. You need not lose your hair, or if you have lost it already you need not remain bald.

The Thomas' Prevent Baldness and Grow Hair

By their own original method, proved by fifteen years of successful application, The Thomas' can prevent baldness by scientifically eliminating the baldness producing germ and restoring the scalp to a normal, healthy condition. The Ultra-Violet Quartz Lamp is used as a part of this treatment, which is adapted to each person's specific needs. New hair is generally visible on the scalp within a short time.

Examination FREE

Let The Thomas' start your scalp on the road to health and hair by their proven treatment. Resolve TODAY to have a good head of hair and let The Thomas' make it possible for you to keep that resolution. No charge or obligation for an examination by a Thomas' specialist.

The THOMAS'

A GOOD HABIT

Not so many years ago, brushing the teeth was a custom followed by only a few; today its benefits are so apparent that cleaning the teeth is a habit.

Now people are realizing that proper care of the feet is also necessary and are using Allen's Foot-Ease, the antiseptic, healing powder for the feet because it takes the friction from the shoes, relieves tired, aching, smarting feet and takes the sting out of corns and blisters.

If you would walk all day or dance all night and never think about your feet, shake into your shoes each morning some Allen's Foot-Ease or sprinkle it in the foot bath. Sold at all Drug and Toilet Goods counters. For free trial package and a Foot-Ease Walking Roll, address Allen's Foot-Ease, LeRoy, N. Y.

use Allen's Foot-Ease
EVERY DAY

MERCER 'U' TO DEBATE WILLIAM AND MARY

Macon, Ga., March 28.—(Special.)—George Cain, of Savannah, and John Gilbert, of Brunswick, will represent Mercer university in a debate here with William and Mary college, of Williamsburg, Va., on Wednesday night, April 3, Professor Lewis H. Fowler, debate coach, announced today.

Mercer will uphold the affirmative side of the question. Resolved, that the United States should adopt a uniform marriage and divorce law. This encounter will mark the first time Mercer has debated representatives from William and Mary.

This debate, which is the first of the season for the local university, is an official Dixie Debating League foreplay event and will have a bearing on the championship within that organization. Professor Fowler said. The league is a recently established association, made up of the leading colleges and universities of the south. Its origin dates from the spring of 1928, at which time Mercer was included among the charter members.

Other institutions to appear on Mercer's home schedule are the Alabama Polytechnic institute, the University of Florida, the University of Alabama and Emory university. Emory will be met at Hattie Tift college, in Forsyth, on May 10.

On Friday, April 5, W. A. Womack, of Harrison, and Sam Overstreet, Savannah, will begin a trip on which six teams representing colleges and universities of Georgia, the Carolinas and Virginia will be debated.

COLLINS MURDER TRIAL GETS STARTED TODAY

Douglasville, Ga., March 28.—(Special.)—George Collins will go on trial here Friday morning on a charge of murdering Bud Stroud, who was killed a year ago. The slaying is said to have taken place during a drunken altercation. Judge Price Edwards will preside. Sanders Ragdale is solicitor-general. Collins will be defended by Branch and Howard, of Atlanta, and John R. Hutchison, of Douglasville.

An indication of the magnitude of the case was given by the fact that in condemnation and injunction suits there have been 44 appeals to the state and federal appellate courts, seven of them being to the supreme court of the United States.

Announcement of the settlement came from general offices of the railroad here yesterday. The settlement was made in New York by Whiteford R. Cole, president of the railroad, Newcomb Carlton, president of the telegraph company, and attorneys for both corporations.

The check was paid in compromise and settlement of a judgment rendered by Judge A. M. J. Cochran, of the federal court of the eastern district of Kentucky, which was appealed to the United States circuit court of appeals at Cincinnati and argued there a year ago. The remainder is the amount for which the check referred to was given.

The litigation was precipitated by the action of the Western Union in cancelling its contract with the L. & N.

Announcement of the settlement came from general offices of the railroad here yesterday. The settlement was made in New York by Whiteford R. Cole, president of the railroad, Newcomb Carlton, president of the telegraph company, and attorneys for both corporations.

The check was paid in compromise and settlement of a judgment rendered by Judge A. M. J. Cochran, of the federal court of the eastern district of Kentucky, which was appealed to the United States circuit court of appeals at Cincinnati and argued there a year ago. Due to the death of a judge the case was ordered up for new arguments which were to have been heard April 11.

Cause of Suit.

The suit was brought by the L. & N. to recover for the Western Union's use and occupation with its poles and wires of the railroad company's rights of way during the time the telegraph company was ordered to condemn the right to remain on the railroad company's property. By the settlement \$2,300,000 in round numbers was allowed from the latter's account, deducting approximately \$540,000, representing an admitted account held by the Western Union against the L. & N. for services rendered during the period of controversy. The remainder is the amount for which the check referred to was given.

MERCER 'U' TO DEBATE WILLIAM AND MARY

Macon, Ga., March 28.—(Special.)—George Cain, of Savannah, and John Gilbert, of Brunswick, will represent Mercer university in a debate here with William and Mary college, of Williamsburg, Va., on Wednesday night, April 3, Professor Lewis H. Fowler, debate coach, announced today.

Mercer will uphold the affirmative side of the question. Resolved, that the United States should adopt a uniform marriage and divorce law. This encounter will mark the first time Mercer has debated representatives from William and Mary.

This debate, which is the first of the season for the local university, is an official Dixie Debating League foreplay event and will have a bearing on the championship within that organization. Professor Fowler said. The league is a recently established association, made up of the leading colleges and universities of the south. Its origin dates from the spring of 1928, at which time Mercer was included among the charter members.

Other institutions to appear on Mercer's home schedule are the Alabama Polytechnic institute, the University of Florida, the University of Alabama and Emory university. Emory will be met at Hattie Tift college, in Forsyth, on May 10.

On Friday, April 5, W. A. Womack, of Harrison, and Sam Overstreet, Savannah, will begin a trip on which six teams representing colleges and universities of Georgia, the Carolinas and Virginia will be debated.

COLLINS MURDER TRIAL GETS STARTED TODAY

Douglasville, Ga., March 28.—(Special.)—George Collins will go on trial here Friday morning on a charge of murdering Bud Stroud, who was killed a year ago. The slaying is said to have taken place during a drunken altercation. Judge Price Edwards will preside. Sanders Ragdale is solicitor-general. Collins will be defended by Branch and Howard, of Atlanta, and John R. Hutchison, of Douglasville.

An indication of the magnitude of the case was given by the fact that in condemnation and injunction suits there have been 44 appeals to the state and federal appellate courts, seven of them being to the supreme court of the United States.

Announcement of the settlement came from general offices of the railroad here yesterday. The settlement was made in New York by Whiteford R. Cole, president of the railroad, Newcomb Carlton, president of the telegraph company, and attorneys for both corporations.

The check was paid in compromise and settlement of a judgment rendered by Judge A. M. J. Cochran, of the federal court of the eastern district of Kentucky, which was appealed to the United States circuit court of appeals at Cincinnati and argued there a year ago. Due to the death of a judge the case was ordered up for new arguments which were to have been heard April 11.

Cause of Suit.

The suit was brought by the L. & N. to recover for the Western Union's use and occupation with its poles and wires of the railroad company's rights of way during the time the telegraph company was ordered to condemn the right to remain on the railroad company's property. Council Committee Will Probe Charge That Grady Patient Was "Quieted" by Blow

Hospital Officials Deny Grave Charges and Claim Patient Was Unruly and Profane.

Sensational charges Thursday that a helpless patient at Grady hospital, the municipally-operated institution, had been "quieted by a blow from an ambulance driver's fist" will be thoroughly investigated by members of the hospital and charities committee at a session called for 6:30 o'clock to-night, Alderman G. Everett Millican, chairman, announced.

Mr. Millican was joined in a statement to the effect that the case would be sifted to the bottom by the committee and that if the complaint is found true the attack will be dismissed summarily, by Councilman Raleigh Drennon, of the ninth ward, and a member of the committee. Both declared the act, if perpetrated, was "unwarranted and inhuman and that employees of this character would not be tolerated in the service."

Interns Make Statement.
Dr. W. R. McGinty, the intern who attended H. G. Shirley, 22, the patient alleged to have been attacked, Thursday night issued a statement denying that he stated "Shirley's throat should have been cut" or words to that effect, and declared that the patient used abusive language, struck one of the nurses twice, was uncooperative and that he was not dangerously injured.

The statement of Dr. McGinty also contained a diagnosis of Shirley's wounds which set out that there was only a flesh injury, that the abdomen was not penetrated and that no organ was struck by the ice pick, which was plunged into him by Charlie Gray, negro truck driver.

Charges of brutality were made by Harry Helmer, president and general manager of the Gate City Dairy and Ice Cream Company, which employed Shirley, before Alderman Millican and Acting Mayor Robert F. Pennington. Helmer's Account.

Accounts of the incident, as given by Helmer, were that Shirley was struck through the abdomen and that several of the intestines were sewed up by the doctors. Helmer also declared that Shirley was so dangerously injured that he did not know what he was saying nor was he responsible for his acts.

Doctors at Grady hospital Thursday night said Shirley would recover and that he was not injured seriously as the wound was only through the flesh.

After reaching the institution, Shirley is said to have been writhing in pain and to have been groaning. This aroused the ire of G. T. Gunter, an ambulance driver, Helmer declared, and the latter to "quiet him" struck Shirley full in the face with his fist, while the patient lay helpless on a hospital cot awaiting attention.

Knocked Unconscious, Claim.
Shirley was said to have been knocked unconscious by the blow.

Acting Mayor Pennington declared that if such a thing has actually happened, the man responsible should be prosecuted in the courts in addition to being dropped from the service. He was backed in his stand by Mr. Millican and Mr. Drennon.

The probe will be opened tonight at Grady hospital and responsibility for the act will be fixed by the committee.

Chief of Police A. Lamar Poole was investigating the case on instructions from Mr. Pennington with a view of taking court action if the charges are found to be true and if Shirley or his friends wish to push them.

Gunter was suspended as soon as Mr. Millican was told of the affair by a telephone call by the hospital chief from the mayor's office at the city hall.

"I feel certain that this is only an isolated instance, for I have great confidence in most of the members of the hospital staff," Mr. Millican said in commenting on the case. "If the facts are as cited, however, the driver's action was intolerable, inexcusable and

Photos by George Cornetti, Staff Photographer.

H. G. Shirley, 22, automobile mechanic, who it is charged was struck in the face by G. T. Gunter, ambulance driver at Grady hospital, while Shirley lay presumably dying on a cot at the institution, is shown in the above picture. The blow closed his right eye and was delivered, according to a complaint of Harry Helmer, president and general manager of the Gate City Dairy and Ice Cream Company, Shirley's employer, in order to "quiet the patient." Below, left to right, are seen Alderman G. Everett Millican, chairman of the hospital and charities committee of city council, who has launched an investigation after having suspended G. T. Gunter, the ambulance operator, pending the probe; Acting Mayor Robert F. Pennington, and Mr. Helmer. The lower picture was made at the time Mr. Helmer disclosed the alleged brutality.

unwarranted. He has been suspended without pay and if the committee I head finds the charges to be true, he undoubtedly will be dismissed. It is my opinion, too, that he should be prosecuted in the courts for maltreatment of a helpless man."

Thorough Quiz Demanded.
"I shall insist that the matter be sifted to the bottom and that an exhaustive investigation be launched to fix the responsibility for this act," Mr. Drennon declared. "Grady hospital was established to serve the people of Atlanta and not to abuse them. I feel confident that the case is an isolated one."

"My interest in the case is purely that of a friend of the sick man and also in the interest of the people of Atlanta," Mr. Helmer stated. "I have no political axe to grind. This is not a political complaint. If the facts are true, remedial measures should be taken at once; if they are not true, the people of the city would like to

know they are not."

Johnston's Statement.
Steve R. Johnston, superintendent

of Grady hospital, declared that his investigation of the case had convinced him that the charge is true.

in so far as the striking of the patient is concerned. He stated this act, stating that under no circumstances should a patient be mistreated, adding that officials at the institution would not tolerate such conduct on the part of employees.

"Gunter has admitted striking the patient with his hand," Mr. Johnston said. "I began an investigation as soon as I heard of the affair. Grady officials will never tolerate abuse of patients and will take steps to prevent any recurrence of such an action."

Dr. Joseph H. Hines, chairman of the executive committee of doctors at the institution, stated that the case comes under jurisdiction of the hospital and charities committee and is not a matter for the executive committee to consider.

"We have no jurisdiction over employees, but only over doctors and nurses," Dr. Hines explained.

He added that if the charge is found true, some action "most assuredly will be taken by the proper authorities to correct this intolerable affair."

Dr. McGinty's Statement.

Dr. McGinty's statement regarding the affair follows:
"I wish to correct a statement supposedly made by me in conference with Mr. Harry Helmer in regard to Mr. Shirley's case. It was stated that I said Mr. Shirley should have had his throat cut or words to that effect. This statement is inaccurate and much overdrawn. My real statement to Mr. Helmer was, that in all of my hospital experience I have never seen such an unruly, uncooperative, and profane patient, not even in the worst alcoholic cases, and that considering his conduct it would probably have required even more strenuous measures than he received to make his conduct compatible with the presence of ladies."

"In explanation as to his conduct referred to as usually, uncooperative and profane, I will say that from the time he entered the receiving room until he was in bed on the ward he continuously refused to stay on the examining table, refused in profane and obscene language in the presence of several nurses to give me any information regarding his injury or even his name, address, etc., necessary for admission, and with continued profanity, refused to allow me to make any necessary examination, and furthermore he raised himself as if to strike at Mr. Gunter, the ambulance driver, who, hearing his profane language, came in in an attempt to quiet him, and he cursed Mr. Gunter vigorously."

"Mr. Gunter then inquired as to the seriousness of his injury, and, after being told by me that as far as I could tell, under the circumstances, his injury was not of a serious nature, Mr. Gunter, as a gentleman and officer of the law, then endeavored to check profane and physical abuses to the nurses. Certainly no gentleman could countenance such insulting conduct to ladies."

"He also struck at the nurses present who were assisting in admitting him to the hospital and actually struck the admitting nurse twice."

"As to his injury, which was inaccurately described as being a through and through stab wound of the body, thus rendering him irresponsible, I will say that the stab wound was only a superficial flesh wound, only penetrating about two-thirds of an inch, and did not enter any of the body cavities or organs. This was accurately verified at opera-

tion. Such a wound could not affect the mental status of the patient. "I greatly regret that such an inaccurate representation of my attitude toward a patient has been submitted to the public, and I am glad to correct the false impression created."

Heavy Seat Sale For Big Benefit Show Reported

Atlanta entertainment lovers are taking advantage of their opportunity to see a "bigger and better" show by subscribing heavily for tickets to the de luxe midnight show to be given on April 8 at Keith's Georgia theater, under the auspices of the Atlanta Young Matrons' Circle and as a benefit for the Tallulah Falls Industrial school.

Mrs. Virginia H. Warren, in charge of the ticket sale committee, reported Thursday that hundreds of seats al-

ready have been sold, while her workers report a steady demand for the tickets. Mrs. Howard Neal, in charge of the sub-committee on the sale of loge seats, also reported a substantial advance sale of the box seats and both chairmen predicted that the night of the show will see a house filled from pit to dome with those who took advantage of an opportunity to see a good show and help an equally good cause.

In the meantime, those in charge of the other plans for the midnight performance have not been idle, and M. L. Semon, manager of the Georgia, and head of the committee of showmen assisting in the presentation, announced that a gala stage show is assured, while it has not yet been determined just what feature picture will be shown. Stage stars from every one of the Atlanta theaters offering stage shows have been secured to take part in the vaudeville bill and presiding over the whole big affair will be Al Short, inimitable master of ceremonies from the Howard stage.

The Tallulah Falls school is located near the town of that name and is maintained by the Georgia Federation of Women's Clubs to offer educational opportunities to the mountain children

of the district. Nearly 500 children now are being trained at the institution.

GALLOGLY RETRIAL DATE POSTPONED; REUBEN ARNOLD ILL

Retrial of Dick Gallogly, accused of murder in connection with the deaths of Willard Smith and S. H. Meek, slain in attempted holdups, which was set for April 2, has been postponed, Solicitor-General John A. Boykin said Thursday.

The postponement was made necessary by the slight illness of Reuben Arnold, chief of Gallogly's defense counsel. In two previous trials juries have been unable to reach a verdict.

The case of Alvin E. Merritt, alleged assailant of a number of women, which previously had been set for April 2 and removed to make way for the Gallogly retrial, has been reset and will go on trial as originally planned, Mr. Boykin said. Merritt, already has been convicted on one charge of assault and sentenced to serve from 13 to 16 years in the penitentiary.

STATE PRESS TO MEET IN TOCCOA, AUGUST 27

Association Will Not Take
Excursion Trip This
Year.

Announcement that the Georgia State Press Association would not take an excursion trip this summer was made to members Thursday in a statement issued by Hal M. Stanley, corresponding secretary. The annual meeting will be held at Toccoa August 27.

On the night preceding August 27 the members will be entertained at a dinner at the Capital City Club tendered by Clark Howell, of The Constitution, in honor of Miss E. L. Woodward, chairman of the association.

It also was announced that the camp of the association at Press Haven, near Lakemont, would be opened May 1.

SHERWIN-WILLIAMS TO OPEN NEW STORE

Confident of the brilliant commercial future of Atlanta and desiring of catering for the convenience of its patrons in the new Peachtree street shopping center, the Sherwin-Williams Company, manufacturer of fine and nationally-known paint products, today will open a new store at 223 Peachtree street, N. E.

The formal opening dates for the beautiful new store are today and Saturday, during which time women visitors will be given flowers and souvenirs will be distributed among all comers. The new store will carry a comprehensive stock of paints and paint products and wall papers.

R. B. Primm, Atlanta branch manager, stated Thursday that the demand for larger quarters to do justice to Sherwin-Williams constantly increasing business created the opportunity for opening the new "paint headquarters."

"Our wall paper display rooms permit of selections from the most complete stock of domestic and imported patterns of the latest designs," he said. "Our artist supplies department equips us to take care of the art requirements of both amateur and professional artists. Our staff of practical paint men offers recommendations to home-owners to 'stop mistakes in painting.'"

Rome Judge Fines Youth, Jury Aids Him in Payment

Rome, Ga., March 28.—(Special.) A jury here today convicted a 19-year-old youth, Dudley Robinson, of beating a board bill, then recommended that the judge give him a light sentence, and finally ended up by passing the hat and collecting money enough among themselves to pay the disputed bill.

However, Judge John W. Bale imposed a three-day jail sentence upon the young man as punishment. The case was the only conviction of an entire week of court going over to the hearing of criminal cases.

Court adjourned after this case, which ended the March term of the city court.

Edward Johnson Is "Self-Made" Operatic Star

Edward Johnson, who, on Friday night, April 26, will appear in Atlanta with the Metropolitan Opera Company of New York in the role

EDWARD JOHNSON

of Faust, in Gounod's opera of that name, and considered by the most competent judges America's foremost tenor, is a "self-made" artist. Born in Guilford, Canada, Mr. Johnson left home because of his parent's objection to his choice of singing as a career, and soon secured a position as choir boy in a Presbyterian church in New York city. Devoting much time to study he made rapid progress, but after several concert tours

disappeared. Soon after there appeared in Italy Eduardo Di Giovanni, tenor extraordinary and pupil of Lombardi, who had taught Caruso. Two years under Lombardi and Mr. Johnson made his debut at Padua, in 1912. So perfect was his Italian diction that even the patrons of La Scala thought he was an Italian. Never before in the history of opera has any tenor so captured the hearts of Italian music lovers.

Since then England, Canada and America have paid homage to his great art and talents. He joined the Metropolitan Opera Company in 1921, after having sung with the Chicago Civic Opera Association.

GOODYEAR TIRE DEALERS GUESTS AT MEETING HERE

Two hundred Goodyear tire dealers in the Atlanta branch territory, coming principally from northern and central Georgia, Thursday night were guests at an elaborate banquet and merchandising meeting given by the Atlanta branch at the Henry Grady dining room and ballroom.

M. H. Kocheiser, of the automobile tire department of Goodyear at the Akron factory, was principal speaker of the evening, being introduced by W. G. Starnes, manager of the local branch. Mr. Starnes welcomed the visiting dealers and delivered an address following Mr. Kocheiser's talk. Problems of 1935 merchandising were discussed by the dealers.

Following the addresses, the dealers witnessed the filming of a Goodyear movie giving visual demonstration of solution to the merchandising problems under discussion. The meeting was one of an annual series conducted by the local Goodyear branch, and was the most elaborate of its kind ever staged.

MRS. TRIMPI DIES WHILE SPENDING WINTER IN PARIS

Mrs. Howard Trimpi, native Atlantan and former leader in the city's social activities, died recently in Paris, France, after an illness of only a few days.

Mrs. Trimpi, before her marriage, was Miss Florence Dennis, daughter of the late Joseph L. Dennis, and Mrs. Joseph L. Dennis, whose home still is in Atlanta. Mrs. Trimpi's only sister, Mrs. George W. Walker, also lives in Atlanta. Three brothers, Walter, Robert and Joseph Dennis, all of New York, also survive. Mrs. Trimpi removed to Glen Ridge, N. J., about 15 years ago.

Mrs. Trimpi, her mother, and three young children went abroad about a year ago and had been wintering in Paris. She seemed to have been in the best of health until about a week ago when she was stricken with pneumonia, dying a few days later.

The body will be returned to the United States for burial.

VERDICT OF SUICIDE IS GIVEN IN DEATH OF R. M. PRESTON

A verdict of suicide was returned Thursday afternoon by a coroner's jury investigating the death of Robert M. Preston, 59, who was found early Thursday morning at his home, 300 Rawson street, with a bullet through his heart. A gun was found beside the rocking chair in which the man was believed to have been sitting when he took his life.

According to information furnished police, Preston was a carpenter and had suffered a stroke of paralysis several months ago. Deprived by this of the use of his right side he had been unable to get work and despondency over ill health and unemployment is believed to have caused his suicide. His wife was said to have left the apartment in search of work only a few minutes before neighbors were brought to the rooms by the pistol shots.

In addition to the chest wound, which claimed his life, a flesh wound had been inflicted on the left side of the nose and across the left temple, apparently by a bullet which glanced from the skull in an unsuccessful attempt to take his life made a few seconds before the second shot. Neighbors stated they heard two shots in quick succession.

In addition to the widow, Preston is survived by two sons, Guy and Jesse Preston; two brothers, John A. Preston, of Florida, and J. M. Preston, and three sisters, Mrs. J. H. Peak, of Conners, Mrs. J. C. Hamby, of Douglasville, and Mrs. E. M. Brown. Funeral arrangements will be announced later by Awtry & Lowndes Company.

THIRD MISTRIAL DECLARED IN DRUG CASE IN U. S. COURT

Mistrial was declared Thursday afternoon for the third time in the case of J. T. Reese, Atlanta railroad conductor, charged with violation of the Harrison narcotic act, after a jury in United States court had been out more than three hours.

Reese, together with Herbert McCready, Woodward P. Lanford and Charles H. Chomsky, was arrested last June in connection with the alleged sale of 78 ounces of dope, valued at more than \$3,000. The four men were held under bond by the United States commissioner, all except Reese pleading guilty at a later date. McCready and Lanford were given sentences of 13 months each, while Chomsky was given a three-year term.

It was stated Thursday that Reese would be brought to trial again as soon as the case could be conveniently placed on the already crowded court calendar. At present he is at liberty under bond of \$5,000.

GOOD HEALTH SHOW Junior Chamber Members Discuss Plans.

Discussion of plans for the Good Health exposition to be held at the City Auditorium during the week of April 8 marked the Thursday luncheon of the Junior Chamber of Commerce, which is sponsoring this event. Joe W. Ray, chairman of the exposition committee, read a proclamation recently issued by Governor L. G. Hardman setting the week of April 8 apart as "Good Health Week."

Miss Evelyn Kidd provided the major portion of the entertainment, offering several specialty dances, and following the luncheon the chamber members were taken on a trip through the Coca-Cola plant.

A total of 21 new members was reported at the meeting at which R. C. McElmore presided. A year-round membership campaign is being conducted under the leadership of Ed Robertson and remarkable progress has been made since the start of the drive, it was said.

STIMSON SWORN INTO OFFICE IN CABINET

Former Governor-General of
Philippines Becomes Secretary of State.

Washington, March 28.—(AP)—The world-wide activities of the state department were placed late today under the direction of Henry L. Stimson, who, after a lapse of almost a score of years, has returned to Washington as a member of the cabinet circle of a president.

The former governor general of the Philippines was administered the oath of office by the chief justice of the United States, William Howard Taft. As the two faced each other in the impressively furnished diplomatic room at the state department they

smiled, apparently recalling other days when both were younger and the one was president and the other his secretary of war.

After his induction into office, the chief justice grasped the hand of his old friend and shook it heartily. "Old man, I am delighted to be any kind of an humble instrument in putting you in this place," he said. "Thank you," replied the new secretary of state.

With the transfer of the reins of state department authority from the veteran hands of Frank B. Kellogg to Mr. Stimson, the official cabinet circle of President Hoover was completed and the new administration fully manned for the four years of work ahead.

Kellogg to Leave. Tomorrow Mr. Kellogg will leave Washington for a vacation trip in Europe—and his successor will take up the thread of international affairs where he left off.

Mr. Stimson, who since Tuesday has been going over pressing problems with his predecessor, will be confronted at the outset by a number of matters. The sinking of the Canadian rum runner I'm Alone, the Mex-

ican revolution, the American policy to be pursued at the forthcoming preparatory disarmament commission meeting at Geneva, and numerous minor matters are a few of the questions awaiting solution.

In addition the new secretary has before him the realignment of the foreign diplomatic service, especially in South America. President Hoover, who, as a result of his good will trip, obtained much first hand information on the situation in the Latin-American republics, is particularly anxious to build up good will in that field.

Make Few Changes. The new secretary of state has let it be known that he intends to make very few changes in the personnel at the state department. Secretary J. Reuben Clark has asked to be relieved and it is understood he will be succeeded by William R. Castle, at present an assistant secretary of state.

For the time being Assistant Secretary of State Nelson T. Johnson will remain in charge of the department's eastern affairs, with Assistant Secretary Wilbur J. Carr continuing to supervise consular activities. Francis White will remain in charge of Latin-American affairs. Mr. Stimson has reappointed William H. Beck as assistant to the secretary of state. Mr. Beck served under Secretaries Lansing, Polk, Colby, Hughes and Kellogg.

Dennis Is Appointed.

Frank S. Dennis, formerly of the Lafayette Cotton Mills, has been secured for the position of superintendent of the Trion Cotton Mill. Charles Walker, until recently superintendent of the Trion mill, has been transferred to the Ware Shoals mill, of Ware Shoals, S. C., also owned by this company. The Trion mill is one of the largest mills in north Georgia, employing approximately 2,000 persons.

is for Apple
is for Butter
both are for YOU!

JUST 'magine juicy, ripe, red apples an' sweet, fresh cider all mixed up with snow-white sugar from real sugar-cane, and delicious spices from the far-off places you read about in your geography . . .

And 'magine all of these good things bubbling and bubbling, in a great, shiny kettle, while a man in a snow-white apron and a cook's hat stirs and stirs them with a wooden paddle . . .

An' the air is full of the most marvelous smells—something like a candy store and something like a hay-field, only more so of each . . . and by and by the cook-man says, "It's done!" and ladles out a big spoonful of rich brown, chocolaty-looking something that is soft and spready like the butter Mumsy forgot to put back in the ice-box . . .

An' when you've 'maged' all of these things you've 'maged Lippincott Apple Butter, which really doesn't need any 'maging at all, for Mumsy is pretty sure to have a jar of it on the pantry shelf and she'll give you some on a slice of bread 'most any time you ask her for it.

For Mumsy knows that there isn't anything better for little girls and boys than the pure, wholesome, delicious apple butter that has the big, red apple and the name Lippincott on every jar.

And the grocery man knows that Lippincott Apple Butter is the kind your Mumsy will want, so he always has plenty of it on his shelves . . .

And now you know that A is for Apple and B is for Butter and both are for you!

THE LIPPINCOTT COMPANY, Cincinnati, O.

"...there isn't anything better for little boys and girls"

Lippincott
APPLE BUTTER

**Lippincott
Apple Butter
Goodies
for Mumsy
to Make**

LIPPINCOTT APPLE BUTTER TARTS

Line muffin-pan with pie-crust (very short). Fill with the following mixture—and bake in a moderate oven. (This makes 12 tarts.)

1 cup Lippincott Apple Butter
½ cup brown sugar
1 tablespoon of molasses—Dark Karo
½ tablespoon flour

LIPPINCOTT APPLE BUTTER BETTY

Butter a baking-dish and arrange first a layer of either white or whole wheat bread-crumbs. Then add a layer of Lippincott Apple Butter—sprinkled with brown sugar—then a layer of bread-crumbs. Repeat until the dish is nearly full—have crumbs on top layer. Pour over 3 tablespoons of water mixed with ½ cup of molasses—1 cup seeded and chopped raisins—and bake in a slow oven 40 minutes.

Break of 'Old Solid South' Topic of First Institute Statesmanship Speakers

Chattanooga Editor Says
Old Times Changed;
Professor Laments Death
of Old Amusements.

Winter Park, Fla., March 28.—(AP)—Alteration of the "old solid south" was recounted in most of today's session of the first institute of statesmanship, in which several score leading politicians, publicists and professors of political science are cooperating here. The institute is being held under the auspices of Rollins college to consider the future of party government in the United States.

How Thin People May Become Fat

Famous Prescription of New
York Hospital Physician
FREE If You Do Not
Gain in Weight.

Many persons who can not complain of any kind of sickness are abnormally thin and can not find any medical treatment which will correct this condition. Virogen Tonic Tablets are not alone intended for those who are sick, but also for those who appear well and hearty, but can not acquire sufficient flesh to round out the form.

In dyspepsia, indigestion, all stomach troubles, debility, nervous diseases and impure blood, no remedy is so prompt and powerful in order to demonstrate the wonderful merits of this famous prescription, Jacobs' and all other druggists have been instructed to return the full purchase price, \$1, if you do not quickly gain in weight with new health and youthful vigor.

VIROGEN
Strength & Body Builder
At Jacobs' and all good drug stores.

have changed since the stage when no one questioned the old saying that leading forces in the south were "hell, calomel and the democratic party." "New medicaments have displaced calomel," he said. "Even the firmest fundamentalists admit that the shadowings of hell are not so deep as of yore, and since the election of last year even the democratic party cannot claim its old force."

Professor Lindsay Rogers, of Columbia university, lamented the death of a similar metaphor, namely that "the principal amusements in the south are reading Scott's novels, chewing tobacco and voting the democratic ticket."

To Get in Stride.
Editor Milton held that the democratic party in the south would again get its stride and that the length of time required would be measured by the alacrity with which the party organization recognizes the fact that last year's election results spelled an emphatic endorsement of prohibition. He asserted that the religious issue was not the strongest factor in last year's democratic losses in the south.

Robert Lathan, editor of the Asheville Citizen, declared on the other hand that the religious issue was the main factor in the south's loss of democracy in the south last year.

Professor A. G. Hamilton, of the University of North Carolina, foresaw a growth of republican strength in the old south, largely because of the region's "republicanism is no longer incompatible with respectability."

"Republicans," he said, "no longer need in the south—even in Texas—protection of the game laws. Not nearly so many people as of yore parody the parable by thinking God that they are not as other men, even as these republicans. The south is looking to tremendous business expansion. The republican party, regarded as the emblem of prosperity, makes a more effective appeal than it once did."

African Hunter Finds Negro Woman Living With Group of Apes

Berlin, March 28.—(AP)—From an agent of the firm of Kisteller, which has plantations in the Kameruns, comes an account of a native girl brought up by apes. A hunter fired at a group of apes in trees. The one victim proved to be a negro woman. From her lack of customary tattoo marks it was concluded she had lived with the apes since childhood.

GEORGIA PRESS WATER TRIP IS ABANDONED

"Press Haven" at Lakemont
To Open May 1; Annual
Session at Toccoa.

Savannah, Ga., March 28.—(AP)—It has been decided by the officers of the Georgia Press Association that the usual water trip will be abandoned this year, according to information received today from Hal M. Stanley, corresponding secretary.

Mr. Stanley has suggested that any member of the association desiring to make a trip this year may join the South Carolina Press Association, which makes its annual trip this year to Cuba on April 22.

Mr. Stanley also reports that the Alabama Press Association will sail from Savannah on May 11, and suggests that 12 or 15 Georgia editors can be accommodated if they desire to make the trip.

Some Mississippi editors have signified their intention of going along, he says. The Alabama editors' trip will extend to Montreal.

Any Georgia editors who want to go along are asked to write at once to Jack D. McCartney, assistant to the president of the Central of Georgia railway at Savannah. Mr. McCartney is honorary member of the association.

The annual meeting of the Georgia Press Association will be held at Toccoa, beginning August 27. The night of August 26, Hon. Clark Howell will give a dinner to the members of the association complimentary to Mr. Stanley Woodard, president.

Mr. Stanley further reports that "Press Haven" at Lakemont, Ga., will be opened on May 1. All who desire to spend their vacations there should immediately communicate with Hubert B. Dyer, camp manager, Royston, or Owen W. Pasvanti, secretary camp committee at Newnan, Ga.

Captain Buchanan Appointed Naval Aide To President Hoover

Washington, March 28.—(AP)—Captain Edwin Buchanan, commanding officer of the cruiser Omaha, has been appointed naval aide to President Hoover and will assume that post on July 15.

Captain Wilson Brown, President Coolidge's naval aide, will continue as aide to Mr. Hoover until April 15, when he will be relieved by Captain W. R. Mumroe, of the plans section of the navy department, who will serve until relieved by Captain Buchanan.

Handful of Airmen Aid INSURGENTS KEPT WORRIED BY FLIERS Mexican Federal Armies

BY JOHN LLOYD,
Associated Press Staff Correspondent.
(Mr. Lloyd has just returned from the field headquarters of General Calles.)

Mexico City, March 28.—(AP)—A handful of airmen and a dozen more or less modern airplanes have dominated the Mexican revolutionary campaign in northern Mexico.

They have been the eyes and the long punitive arms of the federal armies as horse, foot and guns plodded weary over deserts and mountains where dymantized bridges and destroyed railway tracks, had they been defended by insubstantial bands, might have held up the federal advance for days.

Soaring high over the prairies of Durango and the deserts of Coahuila, the little group of aviators so effectively scouted and bombed out the insurgents that ground units of the advancing federals, save for a skirmish here and there, have had little more to do than repair wreckage destroyed by retreating rebels.

Keep Rebels Moving.
And now with a long chase across Chihuahua state desert and new towns, reclaiming loyalties of wavering rebel troops for the government and distributing to the collapse of General Aguirre's revolt.

At Durango it was an air raid or so, with small bombs, which sent the rebels scurrying from the city. Air raiders harassed the rebels at Tuxtepec and occupied the city long before the troops of Generals Almazan and Calles could come up.

New bombing planes of modern design, rushed from the United States, will make the federal flying corps henceforth much more valuable as

General Almazan's 10,000 fighting men press on past Escalon towards Jimenez. The new planes carry four machine guns each and emplacements for two more, with devices for dropping ten 50-pound bombs during each flight.

Planes Not Adequate.
Heretofore, the aviators have been using commercial and antiquated observation planes, together with one or two fast sport machines made for civilian use.

None of these planes was equipped with machine guns or bombing apparatus. Until a few days ago the only available bombs were small affairs of Mexican manufacture which spread panic among rebel troops and civilians but did little material damage.

The aviators dropped these bombs from their hands, leaning out of cabin windows or over the sides of the cockpits. Sometimes they carried ordinary machine guns which they poked out of improvised loopholes.

So far there have been few casualties among the aviators. One federal aviator was shot through the leg and another through the foot by rebel anti-aircraft snipers, and planes have been plentifully besprinkled with bullets.

But not an aviator has been forced down in enemy territory and none crashed while on duty at the front.

Whether there will be any actual aerial battles between federals and rebels depends on ability of the latter to equip themselves with suitable planes. Hitherto, the insurgents have used only two commercial planes in the northern front, which seldom took the air and then only for reconnaissance.

The only thing approaching an air combat up to now was a kind of skirmish over Matatlan a few days ago. A federal aviator, piloting a commercial machine, forced down his rebel rival in another commercial machine. But the struggle was really a brief series of maneuvers and little in the nature of a fight.

STATE-WIDE HIGHWAY GROUP MEETS FRIDAY

Macon, Ga., March 28.—(AP)—A state-wide highway committee, formed in Macon last January, will hold its second meeting at Hotel Dempsey at 11 o'clock Friday morning to take further steps in a highway development program that is being crystallized.

The meeting was called by Judge Harry Reed, of Waycross, chairman of the committee.

Practically all of the members of the committee have sent acceptances, indicating that they will be on hand to take part in the discussion. Among the names of those expected to attend are Colonel Sam Tate, who is soon to become chairman of the state highway department; Mills R. Lane, chairman of the board of directors of the Citizens and Southern National bank; and Eugene Black, Atlanta, governor of the sixth federal reserve.

At the former meeting here the need for highway activity along state-wide lines was emphasized and several plans were discussed. The present financial situation was a matter of concern and discussion took place on ways of meeting that.

The results of extensive investigation of the highway problem made by the Macon Chamber of Commerce was placed in the hands of the state-wide committee at the former meeting. This material was accepted with thanks of the committee and the chamber was discharged from further obligation with regard to it.

At Friday's session it is expected that the result of study on the problems presented at the former meeting will be outlined and the report of the committee which met with the county commissioners' association will be made.

It is ascertained that the state-wide committee hopes to be able to create with the other organizations working on the problem of state-wide highways some co-operative plan which all interested parties can foster. Such a plan, or at least the outline of an acceptable plan, will be presented to the legislature so as to aid that body in reaching a plan of action which shall be acceptable to the people.

Among other matters, this committee will outline methods of presenting the proposals to the public for approval. It is anticipated that some definite action along these lines will be accomplished.

The members of the committee who will be present are: E. B. Dukes, Vienna; Cecil Tate, Columbus; Shady Myrick, Savannah; Walter Stewart, Atlanta; W. R. Bowen, Fitzgerald;

LUCY COBB INSTITUTE 'SUPERS' ANNOUNCED

Athens, Ga., March 28.—(Special).—"Superlative" girls at Lucy Cobb institute here have been announced.

Miss Vanita Crane, of Athens, daughter of Mr. and Mrs. R. S. Crane, was elected as prettiest girl in the school.

Most stylish as well as the most attractive were the two distinctions which went to Miss Ruth Weaver, of Tampa, Fla.

Miss Julia Floyd Stovall, of Athens, won the title of the cutest girl at Lucy Cobb. She is the daughter of Mr. and Mrs. Harvey Stovall.

The best all 'round and the most popular student at the Athens institution was declared to be Miss Josephine Verard Strother, daughter of Mr. and Mrs. J. M. Strother, of Woodbury.

Miss Rosina Costa, of Athens, daughter of Mr. and Mrs. A. Costa, was voted the most athletic girl.

Miss Katherine Upton, daughter of Mr. and Mrs. J. R. Upton, of New Orleans, La., was voted the most studious girl.

Drawing its students from this and other states, Lucy Cobb institute is one of the oldest and best known schools for girls in the south. Founded in 1858, and for many years under the direction of the late Miss Mildred Butler, the authorities take pride in the old southern atmosphere which is a tradition of the institution.

Miss Mildred Mell, present dean of the school at Rome, is a former president of the school. W. F. Hollingsworth, who at one time was affiliated with the North Avenue Presbyterian church at Atlanta, is the present president. His wife is dean.

Macon Lilies on Way.

Macon, Ga., March 28.—(AP)—A solid express carload of Easter lilies left a local nursery this afternoon for distribution in southern Georgia. It was the largest single movement of Easter lilies ever made from here, according to florists.

R. F. Burch, Eastman; W. H. Key, Monticello; J. W. Culpepper, Fayetteville; J. M. McWhorter, Lexington; Judge Harry Reed, Waycross; Frank Turner, Augusta; C. W. Bradley, Columbus; Eugene Black, Atlanta; Mills R. Lane, Savannah; Sam Tate, Vienna; T. B. Baldwin, Martin; Lincoln McConnell, Jr., H. N. Mitchell, and T. H. Halliburton, Macon.

FINANCIERS PASS UP FARM RELIEF QUIZ

Business Leaders Asked to
Testify Decline To
Appear.

Washington, March 28.—(AP)—An almost unanimous refusal of invitations sent to capitalists and business leaders to appear before the senate agriculture committee to present their views on farm relief was recorded today with the announcement by Chairman McNary that John D. Rockefeller, Jr., Charles M. Schwab and Owen D. Young would not appear.

Only Henry Ford remains to be heard from as J. P. Morgan's inability to attend was previously reported.

The house agriculture committee, entering its second day of farm relief hearings, heard a number of witnesses outline a variety of possible methods for aiding agriculture. The senate committee heard the bill of its chairman, introduced by Halladay Klotter, who appeared on behalf of a group of farm loan organizations of Iowa, Nebraska, South Dakota and Wyoming.

Klotter said he had supported the McNary-Haugen bill containing the equalization fee, but he thought the present McNary bill would give the needed relief.

Amos Marston, of Ames, Iowa, president of the American Association of Land Grant Colleges, told the house committee that he favored federal aid to continue search for new methods of utilizing farm waste. G. W. Connell, secretary of the Minnesota Wheat Growers' Association, proposed an organization patterned after the Canadian wheat pool to handle the marketing of wheat under a federal farm board.

The Canadian pool, he said, now owns 3,300 elevators and 12 terminals.

Connell agreed when Representative Ford, democrat, asked whether if he saw any reason why the board should not be given the power to close the commodity markets if it was found advisable.

He said he believed that a stabilization corporation could maintain prices on a higher level without losing money.

"The stabilization corporation," he added, "would have on the market exactly the same effect as a policeman on the corner has in inducing law observance."

William H. Marshall, a Fort Lauderdale, Fla., farmer, advocated establishment of regional distributing plants for handling perishable crops, aided by cooperative marketing associations, with a view to eliminating middlemen and facilitating shipments of mixed carloads. The plants, he said, should be equipped for canning and preserving if products were not immediately marketable.

A federal farm board with broad powers to regulate production and marketing was advocated by S. J. Cottingham, president of the Farmers Grain Dealers Association before the senate committee. He said his organization was opposed to an equalization fee or any other form of tax, and also to the stabilization agencies unless they were empowered to deal with the production problem.

No farm program, he said, would succeed and in fact the farmer would be ruined unless the government undertook to curtail production when the emergency demanded it.

OIL COMPANY HEAD KILLED WHEN HIT BY MRS. DODGE'S CAR

Miami, Fla., March 28.—(AP)—D. B. Hennessy, 71, president of an oil company at Providence, R. I., was killed today when he was struck or walked into an automobile driven by Mrs. J. H. Dodge, of Detroit, daughter-in-law of one of the automobile manufacturers. The accident occurred on the country causeway connecting with Miami Beach. Witnesses told police that Hennessy was crossing the viaduct carrying a fishing kit when he was injured. He died in an ambulance on the way to a hospital.

Mrs. Dodge reported she saw Hennessy crossing the viaduct and blew her horn several times, but that he failed to heed the signal and walked into the side of her motor car.

Mrs. Dodge was not held but will be summoned to appear at an inquest at 2 p. m., tomorrow.

UNIVERSITY HEAD WILL HOLD POST UNTIL JANUARY

Lexington, Va., March 28.—(AP)—Dr. Henry Louis Smith, who was to have retired as president of Washington and Lee university, accepted today the trustees' invitation to remain as president until next January 1. President Smith, head of this institution for 17 years, reaches the retirement age of 70, July 30.

No decision as to the successor of Dr. Smith has been reached. Paul M. Penick, secretary of the board of trustees, said today. The trustees have the power, he explained, to continue a president in office by specific appointment if they choose.

SIX CONVICTED FOR DIVERSION OF ALCOHOL TRAIN

Baltimore, March 28.—(AP)—Six men were convicted in United States district court today on conspiracy in diversion of eleven cars of pure alcohol from the Curtis Ray plant of the United States Industrial Alcohol Company, to have been valued at \$2,500,000 after going into illegitimate trade.

THE NEW WORLD DICTIONARY

Based on the Original Webster Entirely New—Far in Advance of the Ordinary Volume.

It is just off the press and is now being distributed for the first time by a large number of newspapers throughout the country on the popular coupon plan. It is not obtainable by any other means. In fact, could not be sold in the regular way, except at a price commensurate with its intrinsic value.

It contains thousands of new words, many not heretofore published in a dictionary. The pages are larger more words to the page and more pages. The extensive vocabulary is arranged in alphabetical order. It contains in a separate section a complete summary of English grammar and an enlarged list of synonyms and antonyms, as well as other educational features too numerous to mention here.

It is important that readers who have not done so clip their coupons and present or mail same promptly. Mail orders will be filled when postage is added as explained in the coupon printed elsewhere in this issue.

STEAMER BURNED TO WATER'S EDGE AT MOBILE PIER

Mobile, Ala., March 28.—(AP)—The steamer Bay Queen, of the Eastern Shore Transportation Company, laid up here for the winter, burned to the water's edge early today with a loss of \$65,000. The vessel was formerly operated around Long Island, N. Y., and was 35 years old. She was engaged in the coast trade during the summer months. The fire started in the engine room from an undetermined cause.

Commander Schaffer, Of Navy Department, Dies of Heart Attack

Washington, March 28.—(AP)—Commander John L. Schaffer, attached to the judge advocate general's office of the navy department, was stricken with a heart attack today and died within a few minutes. He was born in Reading, Pa., in 1886. During the war he was navigator of the U. S. S. Salem. He survived by his mother, Mrs. Alice L. Schaffer.

CLEMENCY IS DENIED TO ELEVEN CONVICTS

Pleas of C. G. Rawlings and
L. H. Court Among Those
Turned Down.

Pleas for clemency filed by C. G. Rawlings, former banker of Sandersville, Mrs. L. H. Duren, of Waycross and Major L. H. Court, of Talbotton, were denied by the state prison commission Thursday. Pleas of eight other prisoners were denied while recommendations for clemency were returned in two cases.

Rawlings was convicted on a charge of complicity in the killing of G. A. Tarbutton, his business partner. It was charged at the trial that the defendant was the beneficiary

of a large life insurance policy on the life of the victim. Rawlings is serving a life sentence which began in January, 1927.

Mrs. Duren, who was convicted on her confession of slaying Ira James, Okfenokee swamp lumberman, claimed the confession was made through fear of her husband and that he committed the crime. She said also that after she began serving her sentence her husband persuaded her to feed her property to him so he might raise money with which to continue fighting for her freedom. She claimed he took the money himself.

Court, who is a retired army officer, was convicted of slaying A. B. McNiece, Talbot county school superintendent. He contended at his trial that McNiece had paid improper attentions to Mrs. Court, while the state introduced testimony to the effect that McNiece had warned Court to cease his attentions to Mrs. McNiece. Due to the prominence of the two families, the trial attracted wide interest.

Recommendations also were declined in the following cases: Beatrice Lee, Richmond county; John W. Walker, Murray; Jim Madden, Fulton; John A. Alford, Trenton; Walter Hill, Fulton; Oscar Dossy, Carroll; Frank Bates, Fulton; and Frazier Sams, Bleckley, all serving life terms for murder.

Paroles were recommended for Robert Houston, convicted of murder in Bullock county and sentenced to life, and H. L. Dent, Johnson county, sentenced to five years for burglary.

St. Luke's Choir
Presents Easter
Cantata Tonight

BY RALPH T. JONES.
"The Darkest Hour," one of the most beautiful and impressive cantatas ever written, the work of the famous composer, Harold Moore, will be presented at 8 o'clock tonight at St. Luke's Episcopal church.

Hugh Hodgson, distinguished Georgia musician and organist and master of the choristers at St. Luke's, is director of the cantata, with Mollie Horton as pianist. Mr. Hodgson himself will preside at the organ.

"The Darkest Hour" is extremely popular in all countries where music is a feature of religious and cultural life, though it is not believed that it has been given in Atlanta. Several of its numbers are well known, however, to all music lovers, including the soprano solo and chorus "God So Loved the World," "O Saviour of the World," a chorus with tenor and soprano duet, and "The Light of Zion," a baritone solo in the processional march.

The work is in four scenes, Gethsemane, Trials, Processional to Calvary and Calvary. There are three majestic male choruses, one of the disciples, another of the mob at the trials and finally, at Calvary, in a benediction hymn. The climax of the work probably comes in the processional march. There are four main themes in the music heard, taken respectively by the basses, the organ, the piano and the other voices of the choir, each of the four singing a different theme simultaneously, the whole blending into one of the most majestic passages in modern music.

Principal parts in the cantata tonight will be taken by Mrs. J. C. Brown, contralto, as the narrator; Harry R. Bates, singing the part of Jesus; J. Dan Seuback, as the high priest and tenor soloist; and Mrs. Hugh Hodgson as soprano soloist. There are 50 voices in the chorus, which is formed of the finest singers in the city.

The entire work is one of the outstanding examples of modern religious composition. It is filled with modern harmonies and, in many places, is reminiscent of Wagner in his more melodious moods.

**\$32,081.30 DAMAGES
ARE RECOMMENDED
ON VIADUCT CLAIMS**

Award of damages incident to construction of the Pryor street and Central avenue viaducts in the amount of \$32,081.30 was recommended Thursday afternoon by the bridge committee of city council.

Estimates were those prepared by the city bridge engineer, C. E. Kauffmann.

The largest recommendation was for the estate of H. H. Dean at 79-93 Pryor street, S. W., for \$24,934.80; other awards were Joseph M. Brown at Wall street and Central avenue, \$4,506.35, and John W. Grant for Central avenue property, \$2,640.15.

Other routine matters also were considered by the committee.

**Allotting of Street Space
For Use of Taxi Concerns
Ruled Unlawful by Gress**

It is unlawful for any Georgia city to allot any portion of its streets for the exclusive use of cabs or taxicabs, Assistant Attorney-General T. R. Gress ruled Thursday on a question raised in Augusta.

Citing two rulings of the state supreme court and court of appeals in cases originating in Augusta, the assistant attorney-general said that in his opinion no municipality, without specific legislative authority, could set aside portions of its streets to companies desiring to use them for private gain, even by municipal ordinance.

These two courts held that such allocations could not be made.

Mr. Gress also called attention to a provision of the Georgia code declaring that cities have no right to authorize the maintenance of structures or obstructions in the streets interfering with the free use of the streets by citizens.

Ensembles Or Coats For Easter

CHIC ENSEMBLES

\$19.95

Sketched—
At High's

For Easter and for Spring, Fashion spotlights the Ensemble! It is here, in endless variation—chiffon, georgette, flat crepe, monotonies or prints, ingeniously combined. Sun-tans, nasturtium, bleu de Lyon, yellow-greens... Styles both tailored and softened, for all types of figures... for a morning shopping... for a lightsome tea... for a cool evening at bridge... for the Easter Parade!

Sizes 14 to 20, 36 to 40

SMART COATS

\$29.00

Stunning coats in silks, satin, sharkskin or broadcloth. Collared in fur or in fabric. Some of the silks are hand-tailored throughout in mellow gold-tan or blue. Others with small tucks, insets, new cuff emphasis. These coats are so beautifully styled that they are equally effective with many frocks, equally appropriate for Easter, or for Summer.

Sizes 14 to 20 and 36 to 50

HIGH'S SECOND FLOOR

Sketched—
At High's—
Gold-Tan
Broadcloth,
featuring
double
collar
treatment.

Late Arrivals In EASTER FROCKS

\$16.75

Advanced models—both in material and in styling. Soft drooping and flowing dressmaker effects are featured in chiffon and georgette; smart two-toned and three-toned combinations in flat crepe. Prints in all materials.

Lovely Spring color selection—tea rose, sand, middie blue, new-greens, orchid, rose, navy, and many others.

Smartest New EASTER COATS

\$23.00

\$29.95 values—softly molded kashas, broadcloths and twills... Straight lines, ensemble, or wrap-around models. Some have unusually fine fur collars. Others feature stand-up collars or scarf collars of the material. In the most adaptable shades—tan, blue, and black. Amazingly fine value, at an especially low price.

HIGH'S SECOND FLOOR

Boys' Wash Suits

Sizes
2 to 8

\$1.17

Tan mixture with gay print collar. Blue shorts with blouse splashed in red, orange and blue. Many other artistic combinations.

Peter Pan suits, made of fine materials. Carefully made and well finished. Absolutely unusual at this price! Sizes 2 to 8.

HIGH'S THIRD FLOOR

Lovely New Silk Scarfs

\$2.98

Scarfs that tie at the neck in the Asquith fashion... triangles that knot over one shoulder... filmy squares that grace a soft-flowing frock... They're all here. The assortment is splendid.

HIGH'S STREET FLOOR

For Misses 7 to 14

ENSEMBLES

\$2.98

For children, too—Everything is the Ensemble! Smart—and new—in the tennis-frock ensemble idea. Sleeveless dress and long sleeve coats. In plain, figured, dotted pique, or prints. Many are coolly combined with white. Spring shades of blue, green and red.

For Little Girls

Sizes 2 to 6

ENSEMBLES

\$2.98

Again, the Ensemble is smartest, for the wee ones. These are also in white or figured gabardine. Many have dainty dimity frocks. Lovely baby prints, in blue, green, red, rose, yellow.

HIGH'S THIRD FLOOR

BLOOMERS and SLIPS

for the Easter Frock

Some dresses demand bloomers, others are better with slips. The bloomers are of fine, clinging, pure-dye glove silk; the slips of heavy Sylveste silk with shadow proof hems. Both are in flower pastels. Sizes 34 to 44.

\$1.98

HIGH'S STREET FLOOR

A New Shipment of McCallum's CHIFFON SILK HOSE

\$1.95

Hold it to the light, note its water clear tone—the same at the bottom as at the top. Filmy sheer with black heels or heels in the stocking shade. The subtle new shades beautifully blend the warm flesh of the leg with the colors of the Spring ensembles.

Fine "As You Like It" CHIFFON SILK HOSE

Twilight—a new shade—like a silver mist. Other leading shades—Grain, Strand, Casino, Gunmetal, Boulevard, Marron, Flesh and Tea Rose... \$1.95

Jay de Kay Silk CHIFFON HOSIERY

Fine, pure silk—an excellently shaped hose that won't slip at the heel nor wrinkle at the ankle or the knee. New heels, new shades of special Easter interest—Nave, Honey Beige, Grain, Allure, Shadow or Suede Grey..... \$2.00

All shades—to match the Easter frock, or the gloves, or the bag. Because we carry many different makes, we can give you a complete shade range—in the finest hose available at its price!

An Easter Gift—Whatever her type, if she's a woman, she adores sheer, beautiful hose!

HIGH'S STREET FLOOR

F. A. CARTER

"For nearly three years I was in a dreadfully run-down condition and was losing weight steadily. I would be almost a nervous wreck by night and have such a backache that it would be hours before I could get to sleep. Sometimes I would wake up suddenly in the night with severe cramps in my legs, and I would just have to sit up in bed and suffer it out. I would feel as tired when I got up in the morning as if I had not been to bed. My stomach was in an acid condition and nearly everything I ate would sour and give me heartburn. I always felt bloated after eating and I got so I would rather not eat than to have to suffer such misery afterwards. Constipation made matters worse and I just about gave up hope of ever being well again."

The Sargon treatment brought a remarkable change in my condition. I never saw anything like the way it started picking me up, and it seemed like I could just sense its good results. My stomach is soothed—I have a keen appetite—I can eat what I want without having any bad after-effects—my strength and energy came back—my nervousness disappeared—and I am feeling like a new man. Sargon toned up my whole system and stimulated my blood circulation so that I am rid of those awful cramps and can enjoy untroubled sleep.

Sargon Soft Mass Pills put my sluggish liver to work and drove the acid poisons from my body. They were gentle in their action and seemed to work with nature in overcoming my constipation.

"I am still marveling at what Sargon did for me and sometimes it all seems like a dream, that I should be restored to the good health I never expected to have again."

The above statement was made a few days ago by F. A. Carter, who lives at 1479 Gordon street, S. W. Mr. Carter is shipping clerk for Kelly Brothers Company, one of the largest wholesale grocery firms in Atlanta, with whom he has been connected for thirteen years. He is a member of the Park Street Methodist church and is highly regarded by his friends and neighbors.

Hundreds daily throng to hear about this amazing new treatment from the Sargon representative at Jacobs' main store, 8 and 8 Marietta street. A personal interest is taken in every case and full information is freely given. Sargon may be obtained at all Jacobs' drug stores throughout Atlanta. —(adv.)

Forty-second Anniversary Display
March 22 to 29

REPARATIONS SESSION HALTS FOR HOLIDAYS

Next Meeting Slated for Thursday, April 4, Seventh Week Near End.

Paris, March 28.—(AP)—The reparations commission adjourned today for the Easter holidays with their next meeting scheduled for Thursday, April 4, when it is probable that the delegates will get down to discussion of the actual annuities figures.

It now is nearing the end of the seventh week of the experts' discussions and observers are somewhat puzzled as to why the delegates have been unable to come to a close discussion on Germany's terms of payment, yet it seems unquestionable in view of the positive statements of important members that the Easter recess was taken without the committee dealing directly with figures.

The sums and periods of payments, it is quite true, have been brought up by members of the various delegations in informal conversations, but these figures have been of such variety and the annuities spoken of have covered such varying periods that it would be misleading to expect any one to take any of them as a basis for a probable settlement.

Some figures might have been taken as possibilities, but none of them has been brought to the point where it could be regarded as a basis for general examination.

Reluctant to Speak

Dr. Hjalmar Schacht, president of the reichsbank, has shown and still shows the greatest reluctance to make an offer. His attitude is described as being expressed in substance thus:

"The moment that he names figures, he is tied to them and is no longer free to discuss other figures, nor is he free to deal with figures which others mention. Any figure that he proposes would be taken by the French representatives and by delegates from countries who think with them as simply starting a figure from which he must be immediately pushed to a higher offer. He knows how much Germany can pay and the amount for which the German government would try to obtain authority from the reichstag to pay, but it is useless for him to bring forward that figure in the presence of what he knows would be the attitude of Germany's creditors."

INMAN ON STAND IN DIVORCE SUIT AT RENO, NEVADA

Reno, Nev., March 28.—(AP)—Walker P. Inman, wealthy stepson of the late James B. Duke, tobacco magnate, took the witness stand in his divorce trial here today in an effort to substantiate his charges that his wife, Mrs. Helene Garret Patton Inman, had led a reckless life in New York.

Inman was called shortly before court adjourned for the noon recess. The first few questions asked him had to do with his residence in Reno and it was the intention then to go into the history of marital troubles leading up to the separation of the Inmans in 1927.

An offer was made to turn over Inman's books to the defense for any inspection they desire to make in connection with Mrs. Inman's plea that she be given a property settlement of \$250,000.

Otto Schmidt, Inman's butler, testified concerning drinking parties alleged to have been staged by Mrs. Inman at her apartment in New York and said she had discharged him while she was intoxicated following "one wild night." Inman re-employed him almost immediately, he said.

Tetterine Stops Skin Itching In 2 Minutes

If you suffer from skin eruptions of any kind, pimples, itch, tetting, worm, eczema, etc., a pleasant ointment, known as Tetterine, containing highly effective parasite, germ-killing and skin-healing properties, never fails to bring quick and permanent relief.

Tetterine, by its clean, cooling, soothing, antiseptic effect, kills the parasites that bore into the skin, causing irritation and itching. Tetterine is sold and guaranteed by all druggists at 60c per box, or sent direct, postpaid, upon receipt of price. Shuprine Co., Savannah, Ga. (adv.)

DARROW'S CRITICISMS STIR UP HORNET'S NEST

Noted Attorney Scored at Solons' Hearings on Court Procedure.

Springfield, Ill., March 28.—(AP)—Clarence Darrow came here yesterday to lead the attack against proposed bills for court reforms in Illinois, and found himself the center of one of the bitterest attacks to be directed against him since he attained prominence in the Loeb-Leopold, the Scopes and the Dr. Sweet trials.

Darrow was appearing before a joint meeting of the senate and house judiciary committees, opposing bills for criminal court procedure changes. The bills are sponsored by the Chicago Bar Association and the judicial advisory council of Cook county (Chicago).

The veteran lawyer expressed distrust of courts. He was of the opinion that the reform program is the offspring of special interests. The program, he said, is "a long step on a trail started years ago to enlarge the power of the judiciary."

"It has been what was going on," he said, "by special interests which always are willing to trust to the judiciary in preference to some other body. It is a violation of the principles of our government."

Criticized Courts

Darrow said the courts would not allow sufficient time for the trial of ordinary cases because they had "to hurry into the hearing of \$30,000,000 cases."

"But the courts allowed you enough time in the Franks boy case, didn't they?" inquired State Senator Roy C. Wood.

Darrow said: "But they allowed you over 30 days to present a case on a plea of guilty, didn't they?" Wood went on: "You don't know anything about it," snapped Darrow.

"Yes I do," said Wood. "I was in the next court below you, trying a case, and I know what was going on."

"You don't act as if you did," Darrow said.

Stolen Bond Mentioned.

"But you know me, don't you?" said Wood. "I was the assistant state's attorney who made you come down to the criminal court building at 3 a. m. one day and made you surrender a stolen bond that had been cashed in your partner's account."

State Senator James Barbour, chairman of the senate committee, leaped to his feet.

"We won't have charges like that here," he shouted.

"Do you think I'm going to sit here silently and have all the courts attacked in this manner by a man who has been a defender of criminals all his life?" Wood replied.

Judge Harry M. Fisher, of the Cook county circuit court, told the committee he had been surprised to hear the courts attacked by a man like Darrow "who has reached his present position because he always has resorted to these very courts."

Judge Fisher mentioned the Loeb-Leopold case in connection with the reform program proposal to lessen the power of the jury and increase the power of the courts.

"Did Mr. Darrow submit his case to a jury?" Judge Fisher asked. "No, he pleaded his clients guilty so that he might have a court trial, and not a jury, pass on their case."

The striking employees, it was reported, had called a meeting for today in the mill baseball park to which the mill management would be invited. Officials of the company, however, said they had received no invitation to participate in any kind of meeting with the employees. They said they had no plans regarding any efforts which might be made at such a meeting to effect a settlement.

The greater part of the employees who struck yesterday attended a meeting last night and went on record as refusing to return to the mill to work until the efficiency system, to which they objected, has been abolished. A committee also was appointed to confer with the mill management when the occasion arises.

The cloth room at the mill, which did not close yesterday afternoon when the other workers walked out, was idle today as the 55 employees in that department joined the strikers.

BROKERS' LOANS SHOW DECREASE DURING PAST WEEK

Washington, March 28.—(AP)—Loans to brokers and dealers held by New York federal reserve member banks for the week ending March 27 were announced by the federal reserve board today as \$5,649,000,000, representing a decrease of \$144,000,000 as compared with the preceding week.

The loans for the week ending March 28, 1928, were \$3,825,000,000. The detailed distribution of the loans over the three weeks dealt within the board's report was:

For own account, March 27, 1929, \$1,071,000,000; March 20, 1929, \$1,000,000,000; March 28, 1928, \$1,121,000,000.

For account of out-of-town banks, March 27, 1929, \$1,680,000,000; March 20, 1929, \$1,748,000,000; March 28, 1928, \$1,427,000,000.

For account of others, March 27, 1929, \$2,898,000,000; March 20, 1929, \$2,934,000,000; March 28, 1928, \$2,780,000,000.

PRINCE OF WALES HOLDS INVESTITURE FOR KING GEORGE

London, March 28.—(AP)—The Prince of Wales, in behalf of King George, held his second investiture at St. James' palace today, conferring the insignia of orders bestowed by his majesty in the new year's honors list on 150 recipients.

In contrast with yesterday's private investiture, in which everyone wore morning dress or lounge suits, today's function was a glittering affair of gold lace, resplendent decorations and white-plumed cocked hats.

The prince was attired in the scarlet uniform of the Welsh Guards, with the blue ribbon of the Garter across his breast.

TAX EXPERTS CONFER

Subcommittee of State Commission Meets.

Members of the subcommittee on ad-

ministration of the special tax commission recently appointed by Governor L. G. Hardman met at the capital Thursday afternoon and took preliminary steps toward drafting recommendations to be made later to the commission.

The special commission was named by the governor to study the tax situation and to submit recommendations as to needed changes to the state legislature at its approaching session. R. C. Norman, state tax commissioner, is ex-officio chairman of the commission.

Members of the subcommittee are Fred Wilson, Atlanta, chairman; Sam A. Nunn, Perry; W. H. Key, Mont-

DAWES SAILS TO CLEAR DOMINGOAN BUDGET

New York, March 28.—(P)—Former Vice President Charles G. Dawes sailed today at the head of a commission of 13 finance experts to revise the budget of the republic of Santo Domingo, and the orders of the chairman were that a good job should be done cheaply, "without the help of valets or golf clubs."

The commission expects to spend from a month to six weeks in the republic arranging a budget law, budgeting for executive departments and other phases of its task, but despite the permission of Santo Domingo that the commission may fix its own compensation and expenses, Mr. Dawes said the entire cost would not exceed \$10,000.

An associate said the former vice president and more than half the other members of the commission will pay their own expenses.

Most of the members of the commission, which is undertaking the work at the invitation of President Vasquez, of the republic, were associated with Mr. Dawes in establishing the American budget system.

Those who sailed were Sumner Welles, Washington, former American commissioner to the Dominican republic; John F. Harris, New York broker; T. W. Robinson, Chicago, vice president of the Illinois Steel Company; Harry B. Hurd, Chicago attorney; H. C. Smither, Lawrenceville, Ill., former chief co-ordinator of the United States budget and now vice president of the Indiana Refining Company; John Stephen Sewell, Birmingham, Ala., president of the Alabama Marble Company; J. C. Koop, Chicago, former assistant director of the United States bureau of the budget; Francis J. Kilkenny, Chicago banker and former assistant to the director of the budget bureau; E. Ross Bartley, Chicago, former Vice President Dawes as vice president and now secretary of the budget commission, and Rufus David Beach, Chicago attorney and nephew of Mr. Dawes.

RAILWAY ASKS DISCONTINUANCE OF TWO TRAINS

Washington, March 28.—(P)—The St. Louis-San Francisco Railway today asked the supreme court to permit it to discontinue two trains running between Birmingham, Ala., and Amory, Miss.

The public service commission of Alabama was successful in the lower court in its view that the service could not be taken away without its permission. A statutory federal court held that the commission might impose penalties if the trains were taken off without its consent.

The railroad's brief recites that it "has offered proof to show that the existing local service without these trains is entirely adequate."

The road also contended that the state commission had no jurisdiction on the ground that the trains were engaged in interstate commerce and therefore subject to the control of the interstate commerce commission.

New Donations Swell Fund For Hazel Hughes to \$767

ELEVEN GIFTS RANGE FROM \$5 TO \$50

The Hazel Hughes education trust fund was given a substantial boost Thursday when the total contributions jumped from \$637.97 to \$767.47 by the aid of 11 gifts ranging from \$5 to \$50.

The largest donation of the day was \$50 from Howard Pattillo, while the next largest was \$25 from Frank G. North, A. M. Smith, of Smith & Guest, 19 Houston street, N. E., who is in charge of the trust fund, reported that contributions are coming in steadily, and that Atlantans are showing their appreciation of their civic obligation to Hazel's father, County Patrolman Bethel L. Hughes, who died in the line of duty.

Hazel needs a large sum of money to acquire a college education, the training necessary for her choice of a career, which is to become a teacher of the blind. By their generosity, the new-found friends of Hazel are bringing her ambition to the point of realization. More funds than the \$767.47 at hand are needed for the proper sort of college education for Hazel, however, and Fulton county residents are urged to send their checks in to Mr. Smith.

Hazel's father was killed by an escaped maniac, and, handicapped by blindness, Hazel for a time thought that her desire for an education such as her father would have given her would be denied. If the subscriptions to the trust fund keep coming in Hazel will be able to take up her college education after all.

Thursday's Contributions.

Subscriptions received Thursday follow: Formerly acknowledged, \$637.97; friend, \$5; J. Bryn Kops, \$5; Thomas F. Seitzinger's Sons, \$12.50; Miss Helen Clapp, \$2; friend, \$5; Howard Pattillo (Lipscomb-Pattillo), \$50; Mrs. Hugh Richardson, \$5; Mrs. Leopold J. Haas, \$10; Frank G. North, \$25; Mrs. Herman C. Sommer, \$5; friend, \$5; total \$767.47.

LIEUTENANT GOVERNOR WITHDRAWS FROM RACE

Suffolk, Va., March 28.—(P)—Lieutenant Governor Junius E. West, of Suffolk, today announced that he had withdrawn as a candidate for the democratic nomination for governor of Virginia. His retirement, he said, was on the advice of his physician lest he should suffer a physical breakdown during the extensive campaign he contemplated making.

The withdrawal of Mr. West leaves the field at present to two active candidates, former Attorney General John Garland Pollard, of Williamsburg, and former State Senator G. Walter Mapp, of Accomac.

The lieutenant governor, the first candidate to announce subject to the democratic primary in August, said today that his withdrawal was "purely for personal reasons" and not to be construed as in favor of any other candidate.

Virginia politics, passing from the passive to the active stage, with the announcement of several candidates for the democratic nomination and the setting of dates for conventions of the republican state organization and for the anti-Smith democratic organization, is expected to be well lined up by the end of June. The closing date for filing candidacies in the democratic primary is May 8. The anti-Smith organization, composed of democrats who opposed the party's national ticket last fall, will hold its convention on June 18 at a place yet to be selected. The republican convention will be held in Richmond on June 26.

THOMAS HEFLIN, JR., SON OF SENATOR, REPORTED BETTER AFTER ILLNESS

Colon, Canal Zone, March 28.—(P)—J. Thomas Heflin, son of Senator Heflin, of Alabama, was much improved this evening from the attack of acute indigestion which led him to enter Samaritan hospital yesterday. It was believed that he would be able to leave the hospital tomorrow.

He arrived yesterday from New York with a congressional party.

CAPT. TALIAFERRO ASSIGNED TO DUTY AT GEORGIA TECH

Captain Philip B. Taliaferro, of the coast artillery corps, has been relieved from duty at Fort Humphries, Va., and assigned to duty with the E. O. T. C. unit at Georgia Tech, it was announced Thursday at Fort McPherson, fourth corps area headquarters.

It also was announced that Warrant Officer Robert Hippelhouse has been relieved from duty at Fort McPherson and ordered to proceed to Fort Sill, Okla. At the same time Warrant Officer Harry Smith was relieved from duty at the Oklahoma fort and ordered to Fort McPherson.

CLUBS TO BE ASKED TO AID SOCIAL WORK

Rotary, Kiwanis, Civitan and Lions' Members Will Be Sought for Committee.

Members of Rotary, Kiwanis, Civitan and Lions Clubs and other civic organizations interested in child welfare activities and youthful training, will be asked to join forces with the newly organized Child's United Social Service Committee, which is designed to set up, through co-operation of representative organizations of Atlanta and Fulton county, a social plan for child care and to standardize it by improving the assistance of needy children.

A meeting of the committee Thursday afternoon in the courthouse, at which Judge Garland Watkins, of the juvenile court presided, developed these plans to broaden the committee's connections and to bring to bear every agency in the community to develop its objects.

The committee has been developed among representatives of the juvenile

COLORED STUDENTS HERE WILL HONOR PRINCE OF UGANDA

Prince H. K. Nyabonga, of Uganda, will be the honor guest and one of the principal speakers at a meeting of the African Students' Union, to be held here on April 4, in connection with a missionary convention of Clark university and Gammon Theological seminary. Nyabonga is now a student at Howard university, but formerly attended Clark. He is heir to a throne in Uganda.

Easter Cantata to be presented at Ware Chapel

"The Seven Last Words of Christ," an Easter cantata, will be sung at 4 o'clock Easter Sunday afternoon at the Ware Memorial chapel at Atlanta university by the university chorus.

Sellin's All-Wool Men's Suits for \$13.50

—to fit the tall, the short and the fat—
men ain't no "one gallow man's" job. No sir! I nearly ran my legs off in New York to find some poor tailor who was willing to part with his hand-tailored suits for about half his regular price. Looks like a shame to get 'em that way, but I ain't puttin' my "dead men's" pictures" (old cash) into no suits of clothes at the regular price. You'll be surprised if you come to look 'cause you'll buy at Metcalf's. 72-74-76 North Forsyth St.

What Metcalf Says Is So!

LINCOLN

YOU ARE CORDIALLY INVITED TO VISIT THE LINCOLN METROPOLITAN SALON OF FINE CUSTOM-DESIGNED MOTOR CARS

Sponsored by **GRANT-HARRIS-RIPPEY CO.**
Authorized Lincoln Sales and Service

ATLANTA BILTMORE HOTEL

Last Day
Salon Closes Friday Night
10:30 A. M.—10:30 P. M.

YOU can drive a Lincoln at your normal speed the very first day you own it!

And the Lincoln is an exceptionally safe car. Its center of gravity is low, so that it clings to the road. It has shatter-proof glass throughout. And it is tremendously strong. Every part is tested and retested many times. Every car that leaves the Lincoln factory represents approximately thirty thousand separate inspections.

But perhaps the best understanding of the Lincoln as a fine motor car is to be gained from an examination of the car itself. You are cordially invited by the Grant-Harris-Rippey Company to the Lincoln Metropolitan Salon in the Atlanta Biltmore Hotel, March twenty-sixth to twenty-ninth. The hours are from 10:30 a. m. to 10:30 p. m.

Among the interesting mechanical exhibits will be a copier-plated display chassis, a cut-away motor, a parts board, a rear axle assembly, an intake manifold assembly, a crankshaft and fan assembly, an aluminum body, and a set of the famous Johansson gages used in the manufacture of Lincoln motor cars, which are accurate to four-millionths of an inch.

The body types that will be on display at this Salon will include the Willoughby Limousine, the Town Sedan, the 7-passenger Sedan, the Phaeton, the LeBaron all-weather Cabriolet, the Club Roadster, and the Dietrich Convertible Type.

Crackers Fail To Hit; Beaten by Bulldog Nine, 5 to 3

GEORGIA GETS AWAY EARLY TO TRIM PROS

College Sluggers Hammer Out 10 Hits Off Local Slab Artists.

BY BEN COTHMAN.

Bill White and his hustling Georgia Bulldogs visited the Crackers at Mr. Spiller's Thursday afternoon and somewhere around the hour of 5:30, with the Georgians still a-hustling, the Crackers had met defeat again at the hands of a college team. The score was 5 to 3. Pitching by both teams was good; hitting of the Bulldogs was good; hitting of the Crackers was not so good.

During a long workout Wednesday—which was held behind locked gates—Manager Good changed the Atlanta batting order, from stem to stern, but whether or not the change accomplished any good could hardly be ascertained as Carruthers, a smooth southpaw, and Frye, a startlingly tall, wild but fair right-hander, held the professional outfit to four hits, which accounted for the three runs, coupled with bases on balls issued by Frye, which were eight in number.

With collegiate opposition all washed up for the year—Atlanta having won one game, led one and lost two—there are no more games scheduled for Atlanta until Monday, when Toronto is played in the first of a two-game series. This afternoon and Saturday Tech and Oglethorpe will be busily engaged attempting to cut each other's throat in a baseball way, and the Crackers will hold two-hour workouts, beginning at 10 o'clock each morning. They will be secret affairs and with Mr. Spiller on the gate there will be no crashing. Wednesday Mr. Spiller almost kept Jim Hickey, the red-headed right-hander, out of the park.

Spiller Silent.

Nothing more has been heard from Mr. Spiller, who is ranting about in Florida attempting to secure a brace of sluggers to add to his nine. He has several inns in the fire and claims that some of them are red-hot but has not yet sent back any definite information.

No practice games are scheduled for today or tomorrow, on account of the necessary shortness of the workouts in addition to the fact that next week the Crackers have several important games—all with professional opponents—on the schedule.

The boys from Athens started off in the third inning with their game by scoring two runs, which gave them a lead that was never relinquished. Harry Gorman, Atlanta boy, sent an offering from Blethen, who gave up three hits and two runs in three innings, screaming far into right center for two bases. An infield out and single by Chafin scored Gorman with the first run. Chafin scored when he stole second, took third on Yelle's lead throw to second and came home on Davenport's smash down the third base line.

Atlanta scored in the third when Yelle went to second on Jacobson's snuff of his fly, scored on Blethen's Texas leaguer in centerfield.

One Hit Off Carruthers.

That was the only hit that the Crackers got off Carruthers during the four innings he worked. Georgia was landing occasionally but effectively on Blethen, Chilton and Bonelly. Chilton came in after the third inning and sailed easily through the fourth but ran into trouble in the fifth when he walked Martin, hitting for Carruthers. Martin was sacrificed to second and scored on Davenport's double down the left field line. Davenport scored when Rothstein poked one through second.

Bonelly began working in the seventh and Georgia continued a run out of a walk, error and sacrifice. The Crackers bestirred themselves in their eighth. Poole slammed a single to right and Marriott came thundering through with a double in the same locality, on which Poole scored. Jones scored Marriott to third and the Crackers took a lead on an infield out by Milner. Then it was all over.

The Crackers had numerous chances.

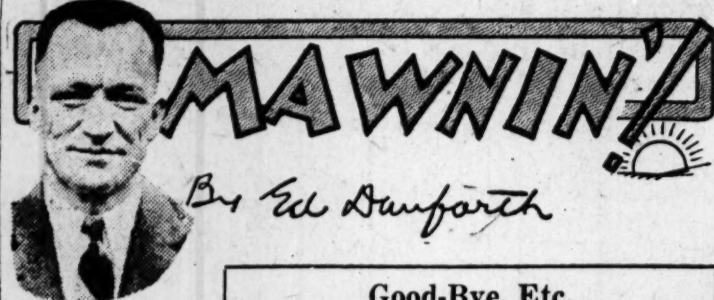

Continued on Page 21, Column 5.

Summary: Two-base hits: Gorman, Jacobson, Davenport, Marriott, stolen bases: Chafin, sacrifice: Chafin, Frye, Jones, double plays: Milner to Poole to Jones, Bonelly to Poole, Chafin to Davenport to Rothstein, left on base: Georgia 11, Crackers 10; bases on balls: off Blethen 1, Chilton 4, Bonelly 2, Frye 1, struck out: by Blethen 3, Chilton 4, Bonelly 1, Carruthers 2; hits: off Blethen 3 in 3 innings (3 runs), Chilton 3 in 3 innings (2 runs), Carruthers 1 in 1 inning (1 run); winning pitcher: Carruthers, losing pitcher: Blethen; time: 1:30; umpires: Clark and Haley. Time of game, 2:30.

Good-Bye, Etc.

Uncle Wilbah Good shook hands with the Georgia collegians as they were leaving the park yesterday. He brightened up considerably when the last one of Bill White's boys filed through the tunnel. He has no more of these college baseball teams to play.

Uncle Wilbah has had entirely too much contact with the finer characters of baseball. He longs for crude associations with the rough and ready pros. He is plumb wore out with the sons of good old Georgia families who can throw a Greek verb through a two-inch pine plank.

Tech tied the Crackers; Oglethorpe split even in two games; Georgia won. It looks like a great year for higher education.

WHY NOT OFTENER?

The sentry on this post wonders why college clubs cannot always trim the professionals this time of year. For a month the youngsters have been bearing down, cutting the ball loose, running hard and swinging from the hip.

The pros are still stiff-arming them along, saving the salary wing for the long campaign.

The only reason college clubs do not win more spring exhibition games has been old-fashioned stage fright. They have been afraid of the big boys.

These home boys have proven that they are in superior training at this stage of the year and can win if they hustle. Look for it to happen often in the future.

A GAME HOG.

After boiling down the confidential reports from agents in the grapefruit jungles and analyzing the residue, it appears that the wood-swinging services of Nick Cullop, prominent enigma, will be denied the Atlanta baseball club when the season opens.

Whether Nick stays up there in Brooklyn or whether he comes back to the Crackers about the middle of June depends on how much effective wood-swinging Nick does on behalf of Wilbert Robinson.

This is deduced after deep thought over the activities of Colonel R. J. Spiller, the explorer, in the ivory belt. The Colonel is using a smooth bore 10-gauge gun and firing both barrels at every outfielder in sight.

FIRES INTO COVEY.

Dispatches to The Constitution night before last told how Spiller had summoned Fred Brainerd, the sheep-herder, to join the club here; how he was shopping for "Irish" Meusel, the former Giant run-getter; how he was going over to the Newark camp to look at Max West, his 1928 batting ace.

All these men are outfielders of considerable reputation. Any one of them would help make up for failure to land Nick Cullop to start the season.

UNCLE ROBBY IS UNSETTLED.

Colonel Spiller must have been given an earful of grief by Manager Robinson. The Dodgers have had plenty of it since invading Florida. Walter Gilbert has a bad ankle; Jake Flowers has had an operation—tonsilectomy (to be smart), and Glenn Wright has something the matter.

With his hired hands shot to pieces like that, Robby no doubt hates to say at this time just what players will be dropped off at Atlanta.

Manager Robinson told The Constitution's correspondent positively and absolutely that he would stand by the Crackers and give R. J. Spiller the last shirt in the locker—and let it go at that.

ONE OF THESE.

The Crackers certainly need a wallowing, galloping outfielder. If not Cullop, then Brainerd, Meusel, West or possibly one of the Brooklyn spares—Fredericks or Rosenfeld—would help. Robby can do no less than leave one outfielder here.

NICK WILL BE HERE LATER.

I am not famous for entertaining correct hunches. I rarely have bought dinner for hunches that were well-bred. Most of my hunches are bums and would not be allowed to eat in any of the better class tea rooms.

But this hunch will not subside: that Nick Cullop will be playing outfield for the Crackers on or before June 15.

The right leg of the hunch is that Nick wants to play ball in Atlanta; the left leg is that Nick has no overwhelming desire to play ball in Brooklyn. In such a frame of mind Nick cannot parade his material in Flatbush with any degree of success.

BOB SPRINGFIELD'S IMPRESSIONS.

Decatur, Ga., March 28.

Dear Mr. Danforth:

I'm afraid you missed the big sporting event of the season, and I am giving you a few impressions of "THE BEST FIGHT AND WORST DECISION EVER WITNESSED IN AN ATLANTA RING."

A good looking, clean-cut middleweight. A good looking, clean-cut welterweight. A chubby, bald-headed referee. Confused pictures of ballet dancers, driving pistons, and the short, wicked hooks of the tiger.

Ted's head—bobbing like a cork when you get a strike—from Larry's rapier-like left jab.

Ted looking around for Larry. Ted hanging perilously over the edge of the ring after having missed with one of those terrific rights that couldn't find a parking place.

The portly and excitable captain of police, who pinched a blue spot on my leg.

Wondering if Billy Lotz wears red suspenders for the same reason that firemen do.

The gasps of astonishment at the decision. Hisses, boos, whistling, bedlam!

The crowds that wouldn't go home. Expressive vocabularies of group of fighters, near-fighters and "we" managers.

Pathetic and expostulating figure of old man Billy. The pretty young lady, who insisted firmly that her escort wait until "Mr. Goodrich comes out," so "I can ask him if HE thinks he won the fight."

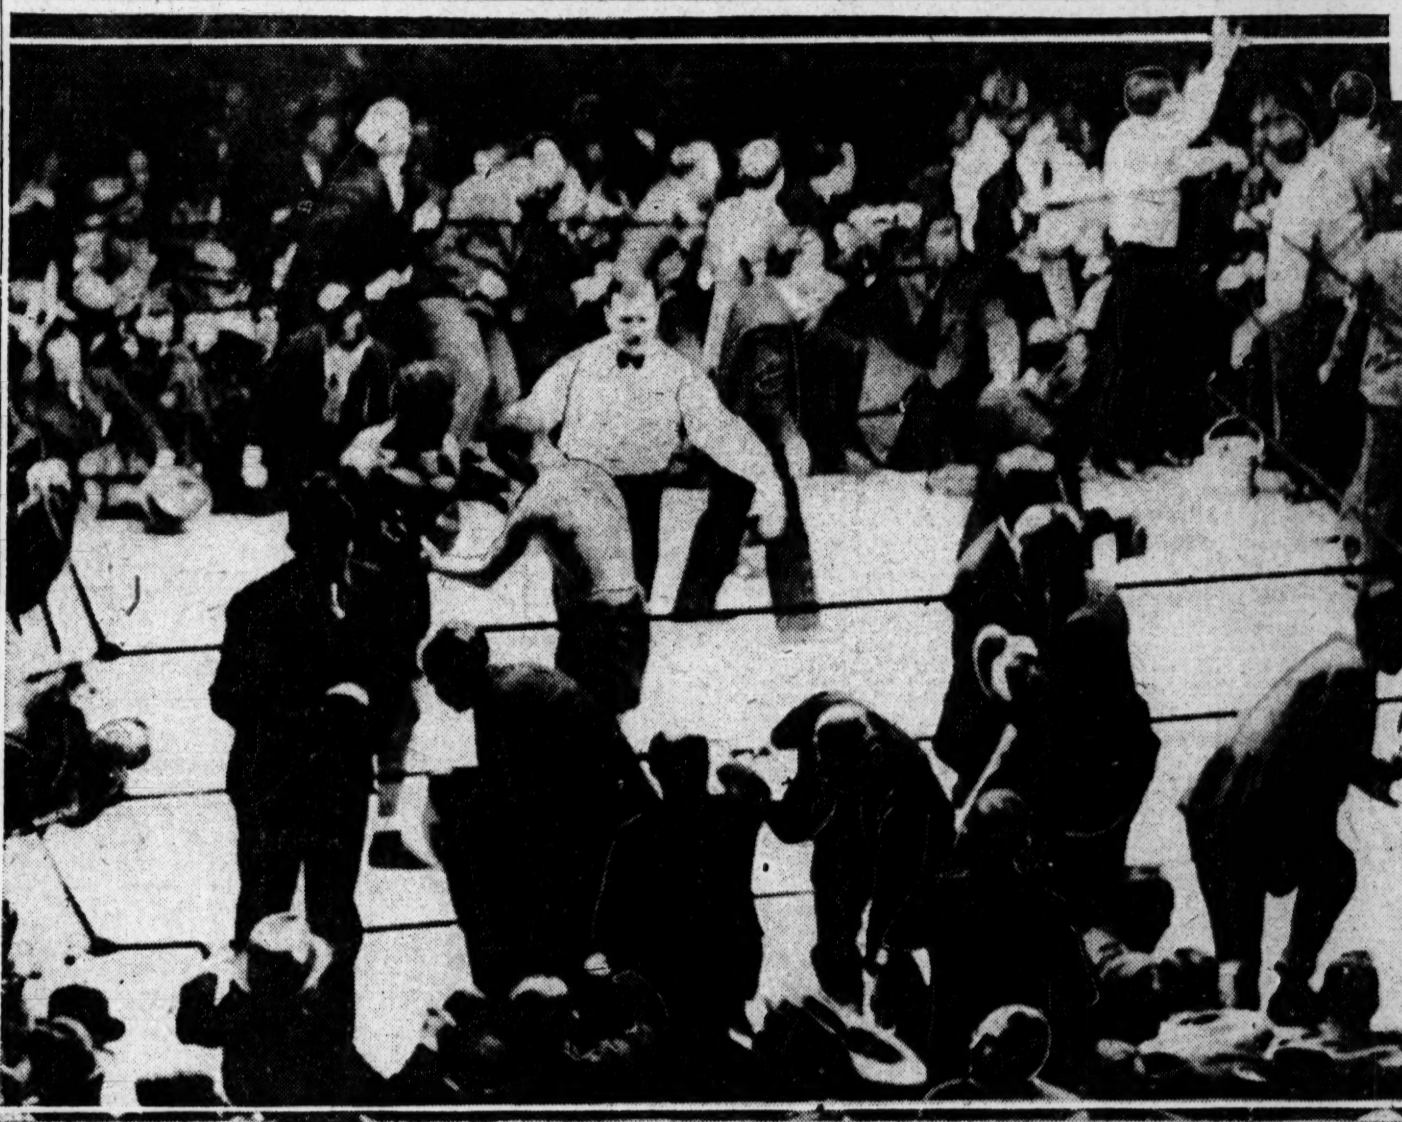

Wondering why all the fellows, who, a few moments ago were yelling for Larry's life-blood, are now trying to shake his hand.

Oh, well, nobody will know the difference a hundred years from now.

Cordially yours,
ROBT. H. SPRINGFIELD.

TOMMY BEATS WALKER

When Fight Fans Stormed Chicago Ring

Here is a remarkable photo snapped by an Associated Press photographer at the ringside in the Chicago Coliseum Tuesday night when Jackie Fields was given a decision over Jack Thompson, the negro fighter, after the crowd had burst into a riot in the eighth round. A false alarm that a gang fight had started in the back of the house precipitated the disturbance. Crazy fans are seen above scrambling into the ring while cooler heads are trying to preserve order. The boxers are in the left foreground coming out of a clinch.

CONSERVATION EDICT SIGNED

Proclamation of Executive Asks Public To Observe Week of April 15.

BY DICK HAWKINS.

In the cross-word puzzle of state affairs, Conservation is a 12-letter word meaning what Georgia needs. At any rate that is the word Governor L. G. Hardman placed in the 12 little squares when the problem was presented.

The governor's signature has been placed on a proclamation asking the citizens of Georgia to observe conservation week during the period from April 15 to 20.

In his proclamation Governor Hardman has brought to light certain very pertinent facts regarding Georgia's natural resources and their relation to the citizenry of the state. The chief executive demonstrates that he realizes the value of game, fish, minerals, forests and other natural resources not only to the present generation but to future citizens.

The purpose of conservation week will be to educate the youth and inform the people of the state on the advantages and necessity of protecting against improper or extraneous abuse of these natural resources. The program for the week will be worked out by the department of game and fish and it is planned to appeal directly to the populace through use of the radio and printed publicity.

Throughout the United States the trend toward conservation is becoming so strong that Georgia can not overlook its opportunity to join the parade. In many states where conditions are best there are conservation commissions whose duty it is to study problems of conservation and recommend certain necessary legislation.

It is common knowledge that Georgia's mountains and plains boast an abundance of these natural resources and the state is also common knowledge that these resources are being depleted for lack of organized conservation. This educational move on the part of the state government will do no harm and may accomplish some good.

The text of the resolution is as follows:

"WHEREAS, Providence endowed our streams, fields, forests and lands with abundance of these natural resources from which the lives and progress of mankind go forward in the pursuit of happiness and development; and

"WHEREAS, The health, happiness and prosperity of the present and future generations require protection and perpetuation of these great gifts of nature; and

"WHEREAS, There is great importance to this and in educating the youth and informing the people of our state on the advantages and necessity of conservation of these natural resources, and the great good to be derived from conservation thereof;

"NOW, THEREFORE, I, L. G. Hardman, governor of the state of Georgia, do hereby proclaim the period from April 15 to April 20, 1929, as Conservation Week, and earnestly invoke the active interest of the citizens of Georgia in promulgation and participation in programs of conservation; and that the civic organizations, hunting and fishing clubs, business enterprises, whose welfare is contingent upon the lasting productivity of mineral, forest and other similar resources, give their aid to a general program of informing our people on the advantages of conservation; that our education

Tech and Petrels Open Series Today

Vaughn Slated To Hurl First of Two-Game Series for Petrels at Spiller's.

BY HERB CLARK.

Oglethorpe's Petrels and Georgia Tech's Yellow Jackets wound up preparations yesterday afternoon for the battle scheduled at Spiller field this afternoon. The time is 4 o'clock.

Using the Crackers' games as a basis of judgment, there seems to be little to choose between the two teams. Tech tied its one game with the pros, while the Petrels won one and lost the other. The games Friday and Saturday should be whizzies if the two teams are as evenly matched as these facts would indicate.

At Clay field the Jackets went through an eight-inning practice tilt with Roy Mundorf's freshman ball club and for the second time of the season proved unable to cope with the all-around play of the yearlings, going down to an 11-4 defeat. The Jackets were somewhat handicapped by the fact that Parham, Stevens, Terrell, and one or two more of the first-stringers were granted a day's vacation by Coach Clay, which they spent in scouting Georgia at Spiller's.

Brosnan, who started the game on the mound for the varsity, was touched for seven hits in four innings, and a number of errors were thrown in by the Jackets to allow 10 runs to cross the plate. Lyford relieved Brosnan in the fifth frame and held the Junior Jackets to four scattered safeties and only one of the youngsters scored during his stay on the mound.

Clay announced that Powell, the left hander who proved so effective against the Crackers last week, would start the game for the Jackets this afternoon, while Jordan and Little would be held for reserve duty. Oglethorpe's crew, out at Hernando field, also took on some freshman opposition and were more fortunate, as they scalped the Kats. The Petrels are coming into mid-season form with plenty of speed, and the present team will be one of the strongest in recent years.

Vaughn Hurls for Petrels.

Coach Anderson selected Vaughn as his starting hurler, and will have Bird ready for relief work should it come.

The Petrels boast one of the strongest college infield combinations in the south in Holcomb, Anderson, Martin and Herrin. If these boys come through at bat the Yellow Jackets will not have much to worry about.

The Petrel outfield is strong at present. Coach Anderson has been drilling the ball chasers in the art of fielding the ball and getting it away fast. The Petrels are in the best of condition, and are expected to give the Jackets plenty of trouble before the afternoon is over. Everett, first baseman, will probably be bench on account of his hitting, and Holcomb will be brought in from center field to guard the initial sack, while Kimbrell will be sent to the center pasture.

The probable batting orders:

The probable batting orders:

TECH. SMITH, ss; Thompson, c; Anderson, 3b; Wall, rf; Herrin, 1b; Kimbrell, lf; Everett, p.

OGLETHORPE. Vaughn, p; Bird, c; Holcomb, 1b; Martin, 2b; Anderson, 3b; Powell, 3b; Little, lf; Jordan, rf.

PREP TEAMS PLAY TODAY

T. H. S. Meets McCallie Here and Fulton Faces Gordon at Barnesville.

Prep baseball teams will fire the opening gun of the 1929 season this afternoon with two games on the program.

Tech High's purple-clad Smithies will open the local campaign with McCallie High, of Chatsanooga, at Grady field and Fulton High will journey to Barnesville for a game with the Gordon Institute losers.

Tech High will play at 3 o'clock. These will be the only games of the day for local prep teams. The other outfits will wait until Tuesday to start the season. On that day the Prep league will officially open.

After weeks of hard practice the preps are fast rounding into shape and the opening round of the schedule should see some good games. The Smithies have a promising bunch of warriors out this season. Captain Whitley, Alternate Captain Chandler, Buster Mott, Hutt and Hammond are among the best out for the team this year, and should turn in some good work before the race is over.

Fulton High will carry a strong team down to Barnesville to face the Gordon boys. The county team, which finished well up in the race last season, will take the field this afternoon with the exception of three boys.

These are Appley, who is with Oglethorpe; Joe Roberts, member of the Tech Freshman nine and Stephenson, who entered Commercial High. Though the loss of these three men is felt, their places will be filled by promising players, and Fulton should have a fighting ball club again this year.

Coach Talbot announced Thursday that the following men would start against the Chatsanooga outfit this afternoon: Davenport, shortstop; Mott, center field; Hutt, left field; Whitley, first base; Chandler, second base; Brown, right field; Leinweber, third base; Craven or Hammond, catcher, and Mable, pitcher.

Olympic Runner Overhauls Dusky Shoplifter Downtown

Otis Hendrix, Miami Olympic distance runner, has been marking time in Atlanta for nearly a year waiting for somebody to race him. Otis found his opponent yesterday. He saw a negro selling out across Alabama and Broad streets with a salesgirl and several mere men in pursuit.

Otis and Patrolman H. T. Waters joined the chase, but Otis soon whizzed past the officer and had the race all to himself. The negro turned from Alabama into Forsyth, dropping ladies stockings at every step. Otis overhauled his man at the Throver building and held him until the patrolman arrived.

The negro was Leroy Linton, 18, 118 Courtland street. He has been charged with larceny in the theft of ladies' hosiery from the F. & W. Grant store.

Hendrix who hooped it here from Miami last spring to compete in the Olympic tryouts at Grant field is resting up and looking for more heels to conquer.

And of all tough breaks, Leroy got one. He might have shoplifted for years without crossing the bows of a crack distance runner.

LOUGHRAN GETS VERDICT OVER CHALLENGER

Two Judges Vote for Champion—Referee for Mickey.

Loughran's Story On Page 20

BY CHARLES W. DUNKLEY Associated Press Sports Writer.

Chicago, March 28.—(A.P.) The age-old adage that a good big man can beat a good little man still holds good in so far as Tommy Loughran, world's light heavyweight champion, is concerned.

Loughran, the master boxer, successfully resisted the assault of pugnacious Mickey Walker, to win his third world boxing title tonight by decisively defeating him in a ten-round battle opening Paddy Harmon's \$75,000,000 Chicago stadium.

The verdict, however, was not unanimous, as Dave Miller, the referee, cast his ballot for Walker, the middleweight titleholder, with the two judges, Eddie Klein and Phil Collins, one of the aces of Chicago's referees, voting for Loughran. The score sheets show Collins gave six rounds to Loughran with Klein giving him eight. Collins gave Walker two rounds and called the other two even. Klein gave Walker one round and called the other one even. Referee Miller gave five rounds to Walker, one to Loughran and the rest square.

No Knockdowns.

The battle, completely devoid of knockdowns and lacking in stirring action, except for four or five rallies, failed to draw a capacity attendance as hoped for by the promoters. The monster arena, largest indoor sports palace in the world, held less than 20,000, with the gate receipts estimated at \$175,000. The upper balconies, holding the occupants of the cheaper seats, were packed to capacity but the main floor of the arena and the mezzanine section had yawning gaps of empty space.

If gate receipts did hit the \$175,000 mark, Loughran will receive approximately \$86,000, or 55 per cent. Out of this he must pay Walker \$50,000. He had agreed to pay the challenger only \$10,000 if he had lost his prized light-heavyweight championship. In addition to handing Mickey \$50,000, Loughran also must pay part of the purse that went to Leo Lomski and Tuffy Griffith, who fought a terrific 10-round battle in the semi-main event with the decision going to Griffith.

Fire on Roof.

Just before the show opened, a fire broke out on the roof of the huge grey stone building and the gathering of changing fire engines apparently frightened customers, who had the night attending the Jackie Fields-Yonnie Jackson fight, and the Coliseum Monday night fresh in their minds. One terrifying experience in a week was enough for them.

The fight was between Loughran, an upstanding skillful boxer in Loughran, and a rushing dodger fighter in Walker. Mickey continually bored in trying to sneak over a punch into the corner, but the lanky champion and win for him his third world's title, a performance achieved by only one fighter—Bob Fitzsimmons.

Loughran fought his customary defensive battle, poking long lefts into Mickey's face and bringing across an occasional right to teach Walker not to get so fresh. Several times Loughran assumed the offensive, flashing a spurt of viciousness, but most of the time he was a defensive fighter, and up points with his long left and causing Mickey to miss with his rasping left hooks and wicked right crosses.

Walker's big effort was in the fifth round, when he trapped Loughran on the ropes, belting him with a left to the jaw and then crossed his right to the other side of the chin, causing the Philadelphia fighter to buckle a bit and grab on and hold. The punches may have dazed Loughran momentarily, but he was in good shape when he went to his corner.

Mickey Cuts Loose.

After his furious assault Jack Kenruss, Walker's manager, sent the Jersey brawler out on the sixth to do or die. Walker yielded to the pleadings of his handlers and set out to annihilate the taller foe, but found every effort (aid up with Loughran's defensive tactics).

Whenever the middleweight champion, almost a foot shorter than Loughran, opened up with his wild assault, Tommy coolly and deliberately smothered him. His long left would shoot out, blocking Mickey's right, or he would stab Walker in the face with his corner.

Four National League Clubs Set for 1929 Pennant Chase

Peck Has Stronger Club for '29 Race

Better Hitting and Pitching Please Manager Peckinpaugh as Flag Race Nears.

BY BRIAN BELL,

Associated Press Sports Writer.

New Orleans, March 28.—(AP)—Roger T. Peckinpaugh believes that managing the Cleveland Indians will be a more pleasant task this summer than was the case last year.

"Our club is much improved," said Peck in discussing his prospects. "We may very well prove to be a surprise. I do not say that we will, for it would be foolish at this stage to claim any rights as a 'dark horse,' but we have much better possibilities now than we had a year ago."

"I am much encouraged over the pitching. Shute has a new delivery and it seems to be working well. Miller is tremendously improved. Certainly Hudlin will be better. Holloman should win for us and so it is right on down the line."

"Joe Sewell will be a great third baseman just as he was a great shortstop. I believe he will become one of the game's brilliant players at third. Jack Tavenner is a splendid shortstop."

"In Averill and Porter we have two new outfielders with sensational minor league records. Of course, there has not been enough chance yet to see how good they will be in the big league, but if they are three-quarterers as good as they were in the minors they will be finds for us. Bib Falk, who came to us from Chicago in a trade for Catherer, is one of the best outfielders in baseball and Jamieson can still go with the best of them."

"The players are all hustling and no one is dissatisfied. Our club is practically made over and with the number of young players in the crowd things look very good for us."

"If we get away well we will have a good chance to make trouble for the other clubs."

Manager Peckinpaugh, no longer an active player but a great shortstop in his day, works as hard as any of the players and takes his work very seriously.

20,000 WATCH TOM LOUGHRAN RETAIN TITLE

Light Heavy Champ Says Longer Reach Enabled Him To Win Bout.

BY TOMMY LOUGHRAN
Light Heavyweight Champion of the World.

(Copyright, 1929, by the North American Newspaper Alliance.)

Chicago, Ill., March 28.—I repulsed the vicious attack of Mickey Walker on my light heavyweight championship at the new Chicago stadium before 20,000 people tonight.

Mickey is a great little fighter, a bulldog scrapper if there ever was one. There never was a minute that he did not keep trying. He was rushing in continually.

However, the old theory that a straight blow is the shortest distance between two points was pretty well proved. Mickey hooked most of his punches, while my jab kept him off.

I made him miss. He's tough, though. I caught a fellow as I've ever met. Several times I stopped boxing and went in to slug with him, but neither of us was particularly hurt by the exchanges.

It seemed to me that I won rather easily in spite of Walker's fine efforts. I kept him missing all the time and when he came in under the jab I ripped him with a right to the body that took some of the steam out of him. Fighting him was a cinch against a man who had considerable advantage in height, he had to loop his blows, and that made it comparatively easy to get under them.

I found out in the first two rounds just what Mickey had. He is fast on his feet, and hits fast, too. But he lacks the middleweight champion. The boy can punch. He jarred me with one right-hander in the face near the end of the fourth round that had plenty of dynamite behind it. One of his left hooks to the stomach were the sort too that no one would want to take all evening, but he landed very few of them.

My fight was carefully planned. Through the earlier rounds I used the jab to keep Mickey off balance, but later I mixed it with my right and found that the mixing was quite as effective. At no time did he make me break ground.

Tom's Height Is Advantage

Continued from Page 19.

his left, keeping him out of range or off balance. Mickey always endeavored to crowd in close to inflict body punishment, but he found that Loughran was well able to take care of himself and do a little inside wallowing on his own account. Loughran scored effectively with a short jolting right upper cut at close range, occasionally switching to a hard right to the body.

In the seventh the defending titleholder really opened up and began to fight and was game enough to stand toe to toe and trade punches with the challenger. The light-heavyweight champion appeared determined to show the crowd that he was a puncher in addition to being a master boxer but his punches produced no apparent telling effect on the ever-charging Walker.

First Loss in Chicago.

Tonight's defeat was Walker's first setback in the nine starts he has made in Chicago since he won the middleweight championship from Leon "Tiger" Flowers with a questionable decision. Last summer he grabbed another choice decision, when he was awarded the verdict over Ace Hickins in a fight for the 160-pound title.

The new Chicago stadium was everything its conceiver, Paddy Harron, said it was on this inaugural night and the throng gave the gray-thatched Irishman a big ovation when he made his bow in the spic and span ring. Thirty-six huge arc lights flooded the ring, making action visible to even those who were tucked away in the crannies in the third balcony.

Birmingham Gets Elongated Weaver

Tampa, Fla., March 28.—(United News.)—James Weaver, the biggest player in the major leagues, was released on option today to the Birmingham Southern league club by the Washington Senators. Weaver is 6 feet 6 1/2 inches tall and weighs 230 pounds. The Senators will open a three-game series with the St. Louis Cardinals here tomorrow. Fred Marberry and Garland Braxton will divide the hurling assignment for Washington.

Pladner and Genaro Signed for Return Go

Paris, March 28.—(United News.)—Emile (Spider) Pladner, of France, European flyweight champion and claimant to the world's title, and Frankie Genaro, of New York, former world's champion, have been signed for a return match here April 18.

When they met recently Pladner knocked out Genaro in the first round. Until this match Genaro was recognized as world's champion by the National Boxing Association.

Bud Taylor Meets Canzoneri April 26

New York, March 28.—(United News.)—Bud Taylor, of Terre Haute, Ind., and Tony Canzoneri, former featherweight champion, were signed today for a ten-round bout in Madison Square Garden April 26. In three previous matches Taylor has won one, Canzoneri one and the other ended in a draw.

Al Singer, young New York featherweight contender, and Imacio Fernandez, new Philippine sensation, have been matched for a ten-round bout in the Garden May 3.

The SPOTLIGHT

THE STILL UNBEATEN.

We know how rough the road will be,
How heavy here the load will be,
We know about the barricades that will wait along the track;
But we have set our soul ahead
Upon a certain goal ahead.

And nothing left from hell to sky shall ever turn us back.
We know how brief all fame must be,
We know how crude the game must be,
We know how soon the cheering turns to jeering in our starts,
But there's no deeper feeling here
Than that can't scatter reality here.

In knowing there is nothing that can ever crack our hearts.
We sing of no wild glory now,
Emblazoning some story now
Of mighty charges down the field beyond some guarded pit;
But any break befalling us,
The toughest job that's calling us
Where nothing left from hell to sky shall ever make us quit.

GOOD LITTLE MEN.

One enthusiastic rooster before the Walker-Loughran meeting named Mickey as the best of all "the good little men," smaller fellows who could whip the bigger ones.

No one could rank Bob Fitzsimmons in this list because Bob was a physical freak. He was no heavier than Mickey Walker when he won the heavyweight championship, but there was a queer distribution of weight that made him different.

Fitz had the legs of a lightweight and the shoulders and neck of a heavyweight. He also had the height and reach that belong to a heavyweight that ever lived; but his poundage was abnormally placed upon his freckled person.

The best "little good man" I ever saw was Harry Greb. Greb, when he could make 160 easily, was hammering the padding out of heavyweights, some of them good ones, who weighed from 180 to 200 pounds. At the time he was able to make 160 he came near annihilating Gene Tunney and Tom Gibbons. They were no set-ups. Greb won something like 400 fights. It was only after one eye went completely bad and the other started failing that he began to slip. In his prime there wasn't any heavyweight who wanted to be in the same county or state with him. He hit both Tunney and Gibbons seven times without taking a counter, and that is pretty fair evidence as to how fast his two fists could work when he was in a hurry to annoy some one.

Greb was as fast as a streak, unusually strong, game to the last ounce, hard to work and always on the jump to mix it. He never bothered a lot about fouls but as he was usually fighting bigger men this gave him a chance to get away with stuff that was never written into the code.

GREB'S GAMENESS.

Gene Tunney once rated Greb as the gamest man he had ever seen. "In our last fight," said Tunney a trifle later, "I was hitting him enough." (It was at this time that Greb's eyesight had failed badly and he was naturally on the down grade.)

"I recall one round," said Tunney, "where I had a clear shot at Greb's stomach. I put everything I had into a right hand and it seemed to me I had driven my glove on through to his spine. I don't think I ever landed a harder punch, for he was coming in at the time I swung. I saw his eyeballs roll and his mouth popped wide open. I thought sure he had to drop. I didn't believe he could keep his feet after that smack. But before I knew what had happened he was all over me like a wild man, trying to knock the top of my head off. He was undoubtedly badly hurt—but admitted that later—but he would never let me see it."

TUNNEY'S TRIBUTE TO DEMPSEY.

"Why was it that you didn't go after Dempsey harder in the fourth round at Chicago?" Tunney was asked later on. "You had him groggy and a good right uppercut might have stopped him and saved that knockdown you took later on."

"I know he was groggy," said Tunney, "and I saw the opening. But I don't believe anybody knows how quickly Dempsey can recover when he is almost out. He can be completely groggy one second and snap back quickly enough to murder you two seconds later. If I had tried that right uppercut and missed I would have been wide open for Dempsey's left hook to the jaw and I might have gotten knocked down myself. He was one fellow you could never take any chance with—he recovered too quickly and when he recovered he could hit too hard."

Which is possibly one reason why a wounded lion is held to be more dangerous than one unwounded. Just a little carelessness means trouble.

Leo Deigel thinks the same thing about Hagen. "That fellow," says Leo, "is the marvel of them all in 1929. Just when you think he is completely wrecked, out of the play altogether, back of a tree or lost in the bushes, he comes along with a birdie and wins the hole. I used to think it was luck. But he has done that to me so often that any time now I see him in an unplayable lie I feel I have to get a birdie in order to get a half. When Hagen is in trouble the time has arrived to look out for fireworks."

Delta Sig, S. A. E. Meet For Title

With the final whistle in the second game of the semi-final round of the inter-fraternity basketball tourney at Georgia Tech yesterday afternoon, the Delta Sigma and the Sigma Alpha Epsilon had been named as the finalists in the meet, and will play this afternoon at 5 o'clock for the title.

The Delta Sigis advanced at the expense of the Phi Delta, who fell by a 19-13 score. Both teams put out a fairly sloppy brand of ball during the first half, the Delta Sig going to their rest with a 10-7 lead after having kept a small advantage throughout the period.

In the second affair, the S. A. E. had things all their own way after the first few moments had passed. The Delta Tau Deltas fought hard throughout, but were unable to do any real good. They led in the early part of the game, losing the advantage at a 7-6 count, and from this time on the S. A. E. kept ahead.

Two Amateur Leagues Organize for Season

Two commercial leagues have completed their organization for the coming season. The Atlanta league met last Tuesday and closed the doors to other teams, by agreeing to operate as a six-club league and setting the details of the season's play. The Goldsmith ball was adopted as official, and it was agreed to play four rounds, making the season last 20 weeks.

The City league met Thursday night and organized with six teams. They adopted the same policy but made a few minor changes in the by-laws of the league. H. A. Woolfe of the Southern railway, was elected secretary-treasurer of the league by unanimous vote. This league will meet regularly on Thursday nights hereafter. The Atlanta league will meet on Tuesday nights, and the Scott league on Wednesday.

Grinnell Wins.

Grinnell defeated Fulton High school Thursday afternoon, 9 to 0. The game was played on Grinnell's ball diamond.

Lewis, who pitched for Grinnell, Company six innings, gave up only three hits and struck out four men. Score by innings: R. H. E. F. S. 000 000 00—0 6—2 Grinnell.....320 111 15—9 9 1

SMITH LOOMS AS RIVAL OF BOBBY JONES

Frank Ball Calls Joplin Sensation Greatest of American Pros.

BY DICK HAWKINS.

If the amiable Frank Ball, professional at East Lake, knows anything about golf, it is entirely possible that the national open this year up on Long Island will be a rather private affair between Robert Tyre Jones and Horton Smith.

Frank has just returned from Florida where he was tied for English medal in qualifying for the LaGorce open tournament, and Frank is convinced.

When he went to Florida he was still wondering if Horton Smith weren't just a sort of glorified flashlight, here today and gone tomorrow. He remained in Florida long enough to be convinced that Horton Smith is truly a sensational golfer.

After shaking mitts with Frank at East Lake Thursday I asked him the question about Smith. If Frank were French rather than English he would probably have replied, "Ooo La La!" But being English and an American ideas he replied, "That boy is the goods."

"His game is sound in every department," Frank continued. "He doesn't hit as long a ball as Bob, but for that matter none of them do so consistently. His iron game is stronger than average and he is a remarkably consistent putter."

Thinking that this ended the interview, I turned to leave the green where Frank was engaged in a little putting contest with Scott Hudson. But Frank was not through. He called, "Horton Smith occupies the same position among the professionals that Bob Jones occupies among the amateurs, that's what I think of him."

Such a statement from Frank Ball carries weight. The Britisher is not inclined to be needlessly enthusiastic and furthermore he knows golf as it is played in several nations. Frank is no mean golfer himself, but as a teacher he is more capable of analyzing another's game than some of the professionals who do more playing and less teaching. He is covering a lot of territory in his prediction that Horton Smith and Bob Jones will fight it out for the open championship, but his opinion is no less valuable because of its daring qualities.

Southern fans who like to see Dixie golfers succeed in their efforts will be interested in the plan of Marjorie Turpie to enter the British women's tournament this summer.

The youthful star, who got her start on the links as daughter of a New Orleans professional, has come a long way since she won her first city championship in New Orleans in 1924.

Since that time she has won the southern championship twice, the Gulf states title three times, the Louisiana state championship twice, the Pan-American title once and half a score of lesser tournaments.

Miss Turpie is a stocky girl with the golfing form of a man and is a tremendous hitter. She has been knocking on the door of fame for several years and is about due to gain admittance to the sanctum of national winners. Her efforts in England will be watched with interest.

Charlie Carroll, former local manager of the Western Union Telegraph Company and now assistant general manager stationed in New York, proved Thursday at East Lake that one doesn't have to be a top-notch to

kill a right pert number of golfs after a long layoff.

During the past five months Charlie has played almost not at all but Thursday he carried an 80 at East Lake with two sevens on the card. Before his round he opined that the east boasts no courses any better than those in Atlanta. He didn't change his opinion after the score was counted.

Players at the lake were rudely interrupted Thursday when young Ross Eisen, Jr., decided to take a swim very early in the season. Perhaps it would be more correct to say that the canoe in which Ross was riding made the decision.

The young man made the tactical error of losing his paddle while in the middle of the lake and in trying to reach the paddle he parted company with the canoe. "Water's fine," he declared when he scrambled out on the bank. The funny part is that he sounded like he meant it. Ain't youth grand?

Bucs, Reds, Robins, Browns Uncertain

Several Changes Remain to Be Made in Lineups Before Teams Are Ready to Take Field.

Following is the second article giving the major league lineups outside the pitcher's box. The American league teams were carried yesterday.

BY GEORGE KIRKSEY.
New York, March 28.—(United News.)—Four National League managers practically have settled on the lineups of their clubs, while the other four are still experimenting with various combinations.

No further changes are planned in the lineups of the Chicago Cubs, the New York Giants, St. Louis Cardinals and Philadelphia Phillies. On the other hand the lineups of the Pittsburgh Pirates, Cincinnati Reds, Brooklyn Robins and Boston Braves still remain uncertain.

Rogers Hornsby, National league batting champion, is the only new figure, outside the pitcher's box, in the ranks of the Cubs.

In only minor changes have been made in the Giants. Andy Rose has temporarily won the second base job over Andy Cohen. Fred Leach, obtained from the Phillies in a trade for Lefty O'Doul, has the call for left field. Art Veltmann, speedy Texan, possibly will win an alternate outfield berth.

New Faces to Be Seen.
New faces will be seen at shortstop, third base and possibly in right field in the Cardinals' lineup. Charlie Gehrert, Rochester flash, apparently will hold down the shortstop job. Fred Haney, former Detroit infielder, is slated to play third base, leaving Frankie Frisch at second base. Manager Billy Southworth or Wally Rootzger, who broke his leg early last season, will play right field.

The Philadelphia Phillies probably have been strengthened by the addition of Tommy Thevenow, who has regained his 1926 form at shortstop. Lefty O'Doul in left and Homer Peel, Houston recruit, in centerfield.

Donnie Bush has been confronted by numerous handicaps in selecting the Pirates' lineup, and other changes may be made before the season opens. White Sox first baseman, has made good at the initial sack and Adam Comorosky, who was around last season, probably will play regularly in the outfield this season.

Third Base Big Problem.
Third base has been giving Jack Hendricks, manager of the Reds, the most trouble, but Clark Pittenger, who is headed for a regular outfield job, year, probably will start the season at the hot corner. Evar Swanson, a Pacific Coast league star, apparently is headed for a regular outfield job. With Glenn Wright's arm still an uncertain quantity, and Jake Flowers, last year's regular second baseman, on the sick list, Manager Wilbert Robinson is having a great deal of difficulty in selecting his infield. Bill Rhul, from Atlanta, and Max Rosenfield, who came up from Birmingham as an outfielder, may break into the infield. John Frederick, Memphis star, is battling hard for an outfield berth.

During the past five months Charlie has played almost not at all but Thursday he carried an 80 at East Lake with two sevens on the card. Before his round he opined that the east boasts no courses any better than those in Atlanta. He didn't change his opinion after the score was counted.

During the past five months Charlie has played almost not at all but Thursday he carried an 80 at East Lake with two sevens on the card. Before his round he opined that the east boasts no courses any better than those in Atlanta. He didn't change his opinion after the score was counted.

Players at the lake were rudely interrupted Thursday when young Ross Eisen, Jr., decided to take a swim very early in the season. Perhaps it would be more correct to say that the canoe in which Ross was riding made the decision.

The young man made the tactical error of losing his paddle while in the middle of the lake and in trying to reach the paddle he parted company with the canoe. "Water's fine," he declared when he scrambled out on the bank. The funny part is that he sounded like he meant it. Ain't youth grand?

Harris Asks Waivers on Heilmann in Detroit Shake-Up

BUCKY PLANS TO TAKE OVER SECOND BASE

Heilmann, It Is Understood, Fired Because of Disciplinary Reasons.

Detroit, March 28.—(AP) Stanley "Bucky" Harris apparently is to be a victim this year of the truth contained in the ancient bromide that "some have greatness thrust upon them"—though whether it is fame that is being loaded onto the Tiger manager, ball games alone can tell. At any rate, Stanley undoubtedly is going to have second base thrust upon him.

With announcement in Phoenix, Ariz., this morning that Harris had asked waivers on Harry Heilmann, whose 15th season with the Tigers was expected to be spent on first base, the Tiger boss is faced with the job of remodeling his entire infield.

Harris has not revealed details of his plan, but the logical layout would be Bucky himself at the keystone sack, Charlie Gehringer consoling with him at shortstop, Marty McManus at third and Dale Alexander supplanting the banished Heilmann.

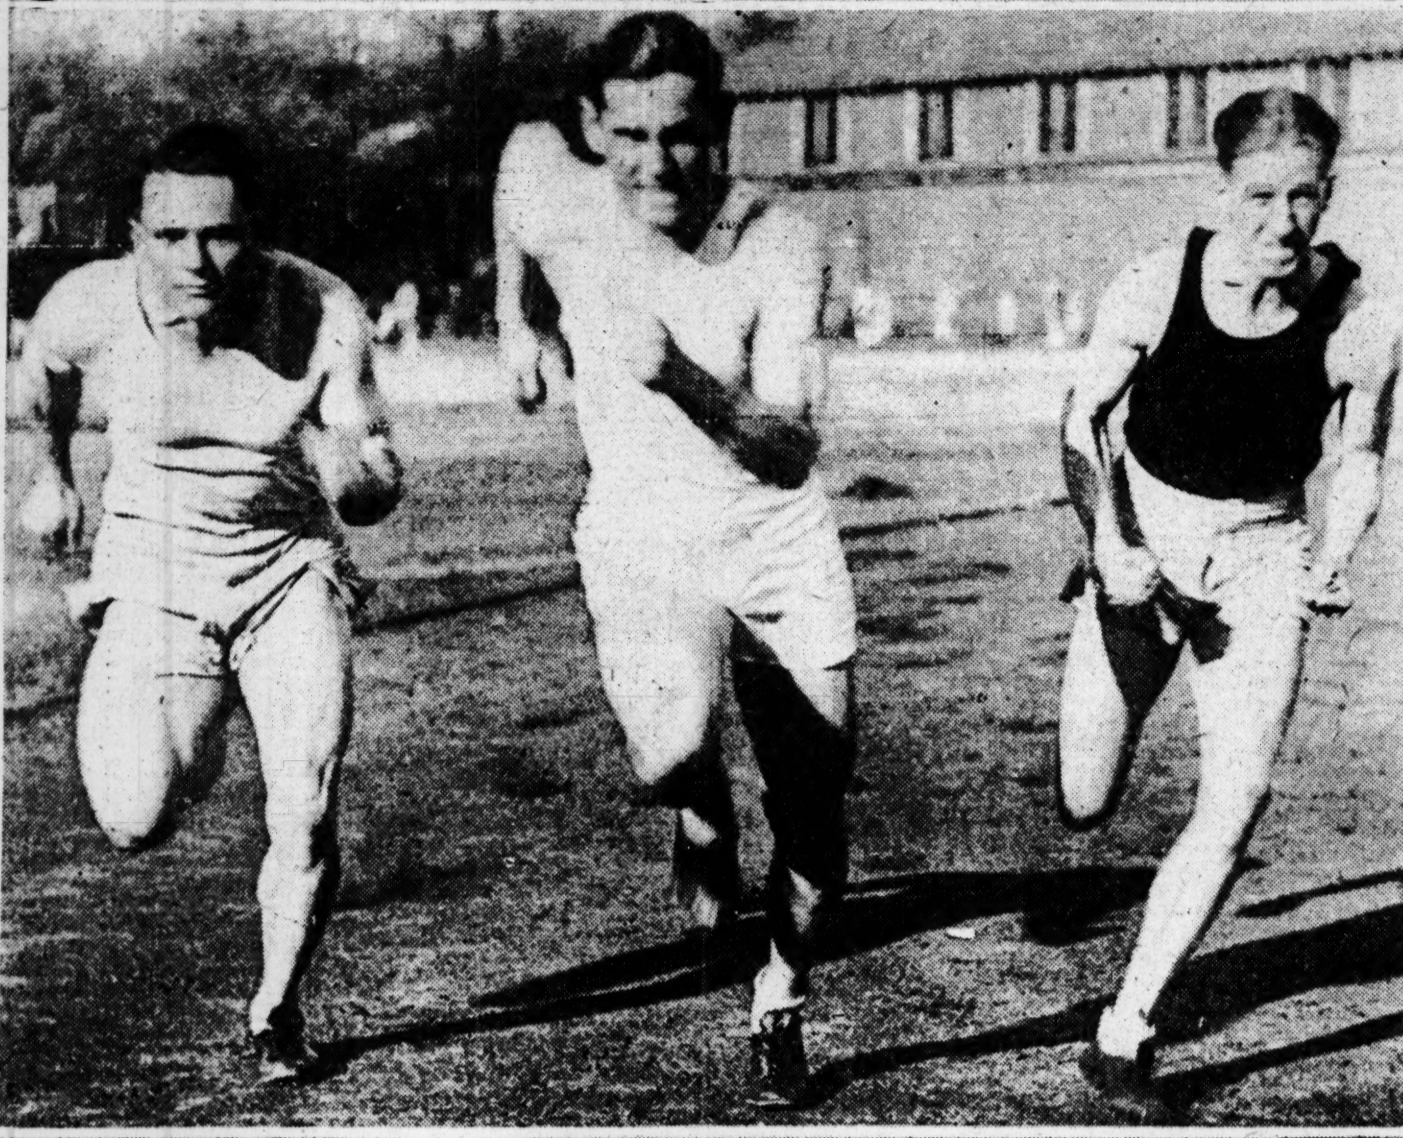

The change probably will not appreciably alter the inner garden strength, except through injection of the playing leadership which might come with Harris. Heilmann, it is an open secret, is to be removed as a disciplinary measure, although Harris has not said so. Harris has decided to enforce training rules, let the chips fall where they may.

In his 14 years with the Tigers Heilmann had an average of 342 at the plate and in 1921, 1922, 1923 and 1928 led the American league in batting. His scoring punch will be missed, although Dale Alexander had a redoubtable record in Toronto last year, leading the International league batsmen by a wide margin.

Gehringer will be faced with the job of changing from a number one second baseman into a shortstop. Working between Harris and McManus, however, the shift should not be too difficult. Heinie Schulte, who was obtained from Houston of the Texas league, to stop the gap between second and third, apparently will need another year of seasoning before qualifying. His work sparkles at times but consistency is not his.

Gehringer, rated seventh among American league second basemen last year, and McManus fourth among the third sackers. Mervyn Shea will do most of the work behind the bat for the Tigers this year, with Woodall, Ray Hayworth and Bill Phillips in reserve.

Jacket Speed Marvels Take Workout

Here are three of Coach Hal Barron's cinder acers tuning up for spring meets. At left is Weatherford who steps in the dashes and doubles with discus and shot. Charging in the center is Graydon, the big dash man, who also broad jumps and throws the javelin. At right is LaForge, middle distance runner. Photos by Mason for Constitution sports section.

Braves Stronger, Fuchs Believes

St. Petersburg, Fla., March 28.—The Braves have broken training camp, a better team in the opinion of Emil E. Fuchs, their president and manager, than any Boston outfit that has worked out here in six years.

A CRACKER A DAY

To day Maurice Archdeacon, O. F.
By Ben Rothman

JUST when Frankie Zoeller was beginning to establish firmly his reputation as the smallest player in the league, along came a fellow by the name of Maurice Archdeacon to throw mud on the reputation. The two are just about tied for size, while some argue Frankie is the larger and vice versa.

This, however, is a story about Archdeacon, bought last winter by R. J. Spiller when the latter was attending the association meeting at Toronto, Back in 1921, when Archdeacon joined Rochester in the International, he became so adept at getting down to first base with startling speed that he became known as the fastest man in baseball and dragging down a bunt and beating it out to first was his forte.

That, and his fielding ability got Archdeacon a job with the White Sox, and he was there for several seasons.

He began playing baseball back in 1919 with Charleston, in the old Sally league. Following two seasons in that city, he was purchased by Rochester and went up in 1921. For three seasons he ranted about in the Rochester infield, and then in the fall of 1923 the White Sox bought him and took him up for trial. He finished that season, remained all of 1924, and in the middle of '25 was sent to Baltimore.

The seasons of 1926 and 1927 saw him at Baltimore, and also the first two weeks of the 1928 season. From Baltimore Archdeacon went to Buffalo and finished the year there, leading the league in fielding.

Archdeacon was born on December 14, 1899, at St. Louis. His height is 5 feet 5-1/2 inches, and his weight is 155 pounds.

Photo by Kenneth Rogers. MAURICE ARCHDEACON. height is 5 feet 5-1/2 inches, and his weight is 155 pounds.

Bulldogs Beat Crackers, 5-3

Continued from Page 19.

to score, afforded by Fry's many bases on balls, but the lads weren't hitting anything Thursday and could not avail themselves of the opportunity. Georgia played heads-up baseball and earned its victory.

Cliff Knox, Cracker catcher, is back on the sick list again. Knox, not fully recovered from an attack of the flu, overworked himself Wednesday, and Thursday was kept out of uniform by Trainer Wilson. Art Olson and Bull Bauch, suffering from sore arms, are rounding rapidly into shape under Wilson's treatment.

Occupants of the press box were twice scared out of several years' growth Wednesday when foul tips came crashing into the roost slugs from the roof. The big rope screen that is put up every summer has not yet arrived, but this is the first time that scrivener have had to make any fly-catching—or dodging—attempts.

Another Weismuller.

New York, March 28.—(United News.)—Weston Kimball, hailed as another Johnny Weismuller, will be the Pacific coast's candidate for the American sprint swimming supremacy in the National A. A. U. aquatic championships in the New York A. C. and Brooklyn Central Y. M. C. A. pools, April 2, 3, 4 and 5.

GRID WORK GETS HEAVIER FOR JACKETS

Alex Puts Squad Through Stiff Session Thursday Afternoon.

With the third week of the spring football grind at Tech drawing to a close, the Yellow Jackets are finding work harder each day.

Thursday the practice was so near a scrimmage with blood and all the trimmings that the boys thought war had been declared. Coach Alexander announced at the start of the work that scrimmages would not be on the books until the early part of next week, and is holding to the letter of his word, although the session at Grant Field Thursday came very near to breaking the line between play and action.

Alex started his practice as usual with a drill in which he, Bill Fincher and Captain Robinson, together with their assistants from the ranks of the Golden Tornado which finished its season on New Year's Day, had the squad split into linemen, backs and ends for a period of instruction in the fine points of position play, but called the entire squad to the sidelines after a short time and picked out four teams which donned headgears and went to do battle, if only of a make-believe nature.

Stribling Seeks Army Commission

Columbia, S. C., March 28.—(AP) W. L. "Young" Stribling, Jr., of Macon, Ga., heavyweight boxer, has applied for a commission as a second lieutenant in the United States army air corps reserve, officers of 824 division headquarters here revealed today.

In his application the Georgia boxer said he was a licensed transport pilot with 190 hours of commercial flying to his credit.

Horse Guards Practice Polo

First polo practice of the season was held Thursday morning by the Governor's Horse Guards at Piedmont park, with 18 men reporting to Lieutenant Wesley U. Moran, No. 4 of the varsity and coach of the team.

Moran put the squad through an hour of hard riding and announced that stick and ball work would not be taken up for some two weeks in order that the players might be given time to get in shape for the season.

It is the plan this season to have a first string polo team and also second and third teams, with a total of 16 men. The first string will consist of six men and the remaining two squads will have five men each.

All of last year's regulars, Lieutenant Ray Love, No. 1; P. D. Christian, No. 2; Laurence Gay, No. 3, and Lieutenant Moran, No. 4, were on hand for the workout. Three practices will be held each week until the season opens when there will be only two each week.

MISS VAN WIE TAKES LEAD IN TOURNEY

Miss Edith Quier Is Second—Van Wie Turns in 80.

Southern Pines, N. C., March 28.—(AP)—Miss Virginia Van Wie, of Chicago, pitched and putted her way through a field of 102 sectional and national golf stars today to take the lead for the first half of the 36-hole mid-south women's tournament at the Southern Pines Country Club.

Miss Van Wie's 80 was good enough to leave an imposing array of celebrities in her wake. In second place, with an 82, came Miss Edith Quier, of Reading, Pa., while trailing in order were Miss Louise Fordyce, of Youngstown, Ohio, and Miss Marion Turpie, the southern champion, tied with cards of 84; Miss Glenna Collett, the national champion, and Miss Bernice Wall, of Oshkosh, Wis., both of whom made 85's, and the famous Miss Helen Hicks, with an 86.

The Chicago girl went out today with a brilliant 38, five strokes under women's par, despite an eight on the second hole which followed a hooked drive and three putts. She took 42 coming in.

Miss Quier's card was decorated by a birdie 2 registered on the ninth hole. She was strong and accurate from the tee but found trouble on the greens during the inward journey.

Jacket Teams Play Alabama

Sometime tonight eight Yellow Jackets are slated to board a train for an invasion of the camp of Alabama's Tide-men.

Four of the Techsters will engage the Crimson on the tennis courts at Tuscaloosa, while the other group will go on to Birmingham where a Tech-Alabama golf match will be held over the Shades Valley course. Tech's public wielders have a record showing a 13-5 victory over the Blue Devils of Duke university, a 17-1 defeat suffered at the hands of the Gators last week in Florida. Captain Shag Irvin, Charley Brumby, Scott Hudson, Jr., and Johnny Leach have been selected to make the jaunt to the Capstone to defend the White and Gold on the links.

The Jacket net team, with but one match behind them, that having been played with and lost to the Tulane squad last week by a 2-1 count, have also worked hard since the last match, and look to a more successful time in Tuscaloosa. The loss of Sid Goldin, whose leg is still giving him some trouble, has made the Tech path a long uphill one, but Reybold and Merkle have shown much improvement in the past few practices. The battle between these two men for the vacant place on the team has been close fought, and the final decision as to the team which will make the trek has been delayed on that account. It is certain that Captain George Lewis, Burr Crbaniss, and Red Williamson will lead on the invading squad, while the victor in a Reybold-Merkle match this afternoon will be named as the fourth man.

Battery Is Divided.
A star Notre Dame battery of a few years back is now divided between the two big leagues. Young Ed Walsh is pitching for the White Sox and Dick Smith catching for the Braves.

BY JOHN P. BOUGHAN.

Associated Press Market Editor.

Chicago, March 28.—(AP)—In tune with stock market development grain values had a generally higher pitch today. Evening-up of accounts for the holiday tomorrow, when no grain exchanges will be open, acted as a further strengthening influence, and so, too, did European buying of wheat for delivery, as well as purchasing for immediate export.

Closing quotations of wheat were firm, 7-8c to 1-2c net higher. Corn finished 1-2c to 1c up, unchanged to 1-2c advance, and provisions unchanged to a rise of 37 to 40c.

Rather than maintain open risks over the holiday, previous speculators freely today, especially in the late dealings, and the market closed at the day's top level.

Helping the late advance were indications that dry weather in Canada is becoming more of a factor.

This circumstance did much to counterbalance the general feeling of good rains in domestic wheat territory southwest, and also to neutralize the force of large deliveries of wheat today on March contracts from the deliveries for the day totaling 457,000 bushels. Meanwhile, export buying today of North American wheat amounted to about 300,000 bushels, of good sized averages considering that holidays were acting as a check on business.

From start to finish, sentiment was favorable to the buying side of the corn market. Shippers here were optimistic regarding eastern demand, calling attention to the fact that Ohio and Indiana were above a Chicago basis and that Michigan had bought corn here for the first time in two months. The cash trading basis here advanced 1-4c to 1-2c today as compared with futures. Country offerings of corn to come here remained small, and Chicago receipts today were mostly from other local sources, which reflected the strength of other cereals.

Lard and bellies were bought by commission houses at prices for all grades, but higher, despite a setback in hog values.

Cash Grain.

Chicago, March 28.—(AP)—Wheat 2 hard 1.14 1/2; 3 hard 1.15 1/2; 4 hard 1.16 1/2; 5 hard 1.17 1/2; 6 hard 1.18 1/2; 7 hard 1.19 1/2; 8 hard 1.20 1/2; 9 hard 1.21 1/2; 10 hard 1.22 1/2; 11 hard 1.23 1/2; **Miss Whitlock Weds
William Hugh Gray.**
Mrs. Wallace Whitlock, of Spartanburg, announces the marriage of her daughter, Manie Lucile, to William Hugh Gray, of Atlanta, the ceremony having been performed Monday, March 18.

**Easter Egg Hunt
At Seminary.**

Circle No. 11 of St. Mark's M. E. church will sponsor an Easter egg hunt at Washington seminary Friday, March 29, at 3 o'clock. Ice cream, candy and Easter novelties will be sold. There will be many prize eggs. Admission will be 10 cents.

**HOOVER HAS PHONE
PUT ON HIS DESK
FOR PRIVATE CALLS**

Washington, March 28.—(AP)—Mr. Hoover has a telephone at his desk. The news is that he is the first president to have one. Others went to a booth or to an instrument in the presidential study.

**ENGLISH GROUP
TO MAKE STUDY
OF RUSSIAN TRADE**

Moscow, March 28.—(AP)—An Eng-

lish delegation representing various industrial and commercial firms arrived in Moscow today and was met by representatives of the foreign office and the trade commissariat. During their three week's stay the delegation will study economic data, particularly matters of interest to Russo-trade.
